ROK TROOPS COUNTER-ATTACK

Purge Of Red Officials Widens

WEST BERLIN'S 'RELIEF MARKET'—East Berliners queue up at a stand in a West Berlin "relief market" where potatoes are being sold for East marks. This is the scene on the second day of the West's practical food relief program in which unavailable foods were made available on ration basis to visitors from the Soviet sector to the east. East German Justice Chief Is Dismissed

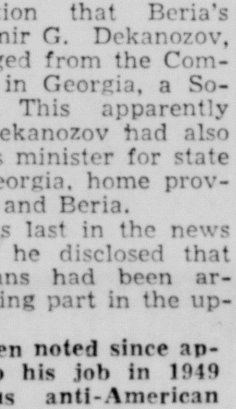
BERLIN (AP) — Communist East Germany purged its justice minister, Max Fechern, Wednesday and appointed a woman judge, "Red Hilde" Benjamin, to take his place.

Premier Otto Grotewohl said Fechner, 60, was fired for "activity hostile to the republic," but did not specify what this activity was. He apparently has been chosen as a scapegoat for the anti-government riots which began June 17.

Fechner's fall was made public just six days after Moscow announced that Soviet Secret Police Chief Lavrenty P. Beria had been stripped of high office and set down for trial as a traitor.



Dekanozov

The same fate apparently awaits Fechner. The East German Red minister was the first satellite politician to get the ax in what is expected to be a widespread purge in the wake of Beria's arrest. Fechner's son was reported arrested earlier Wednesday on undisclosed charges.

The East German announcement coincided with a Moscow radio declaration that Beria's crony, Vladimir G. Dekanozov, had been purged from the Communist party in Georgia, a Soviet Republic. This apparently meant that Dekanozov had also lost his job as minister for state security in Georgia, home province of Stalin and Beria.

Fechner was last in the news July 5 when he disclosed that 50,000 Germans had been arrested for taking part in the uprisings.

He had been noted since appointment to his job in 1949 as a vigorous anti-American and leader of the campaign to blame the regime's troubles on "American saboteurs."

But his successor, "Red Hilde," has been even more zealous.

Mrs. Benjamin went on the warpath last year and the scalps began piling up. Day after day, broken men were hauled before the bench where she sat as judge of the State Supreme Court. They were told what their alleged crime was, given virtually no chance of defense and sent off to long prison terms.

Mrs. Benjamin, who is Jewish, has been a Communist since the end of World War I.

The Fechner bombshell broke over Berlin Wednesday as the West muffled in secrecy plans to exploit the unrest caused by the worsening food shortage.

The West's program to aid East German hunger sufferers, stung the Red government into action Wednesday night.

It announced that ration-free potatoes would be put on the market immediately for all consumers in East Berlin. The Communists apparently gave East Berlin priority over the rest of East Germany on the new potato crop because of the relief activities of Mayor Willy Kressmann in a borough of West Berlin.

—Panmunjom Showdown Is Delayed—

Truce Talks To Be Resumed Saturday

Gen. Harrison Reportedly Tells Reds To Sign Or Call Off All Negotiations

PANMUNJOM (Thursday) (AP) — U.N. Command and Communist truce negotiators met less than a half hour Thursday and recessed until Saturday at 2 p.m. (11 p.m. Friday CST).

There was a 15-minute delay in the start of Thursday's meeting, scheduled for 11 a.m. and which had been called a "possible showdown" session. It ended at 11:39 a.m.

There was no word immediately on the reason for the delay in starting, or for the one-day recess and the unusual starting time of the next session.

Harrison

Meetings have been held daily since the current string of talks began, and have always begun at 11 a.m.

The U.N. command delegates went into Thursday's talks for a possible showdown with the Reds, who reportedly have been told that the armistice agreement must be signed now, or the talks called off.

The U.N. delegation apparently was responsible for the 15-minute delay in the start of Thursday's talks, to give it time to receive a message delivered by helicopter.

Correspondents noted that a helicopter flew to the Panmunjom neutral zone about 11:10 a.m. and that the pilot delivered a yellow teletype message to the Allied delegation waiting in its tent adjoining the conference hut.

The U.N. delegation huddled around a table, reading the message, for about five minutes and then walked into the conference hut. The Communist delegation waited outside the hut until after the U.N. delegation walked in.

A well-informed source said Lt. Gen. William K. Harrison, chief U.N. truce delegate, laid it on the line at Wednesday's 21-minute meeting.

Peiping's Red Radio said that Harrison abruptly ended Wednesday's parley without asking if the Reds concurred and "walked out of the meeting."

North Korea's Pyonyang radio said Harrison "arbitrarily broke up the truce talks Tuesday and Wednesday."

Agreement On Secrecy Broken By Reds—Clark

SEOUL (AP)—U. N. Commander Gen. Mark Clark arrived in Korea Thursday from his Tokyo headquarters as truce talks neared a crisis at Panmunjom and immediately accused the Communists of violating secrecy of the armistice negotiations.

Clark told newsmen who met him at an airport that the Communist radio report Wednesday of an American "walkout" from the talks had "violated the executive nature of the truce sessions."

The general would not go beyond this statement.

Federal Grand Jury Indicts Fleet Current

SAN FRANCISCO (AP)—A federal grand jury Wednesday indicted Fleet R. Current, until this week on the FBI list of 10 most wanted fugitives, for the June 25 holdup of an Oakland bank.

Current is being held in Omaha where he was captured last Sunday. Chief Asst. U. S. Atty. Lynn Gillard said Current will be brought here for arraignment.

THREE INJURED IN CRASH—Driver of this car, John Forbes, 28, of Omaha stepped out, unscathed, but a fellow passenger from Texas was rushed to a local hospital, after 2-car collision at the intersection of 48th and O. Also injured were two Lincolnites in the other car. (Star Staff Photo.)

Two-Car Crash Hospitalizes Lincoln Woman, One Texan

A Lincoln woman and a Texan were in good condition in two local hospitals Wednesday night following a two-car collision at the intersection of 48th and O earlier in the evening.

Injured were:

Mrs. Howard Duncan, 49, 135 So. 35th, who suffered a fractured right knee cap, lacerations and abrasions.

Howard W. Duncan, 50, 135 So. 35th, who suffered multiple bruises, abrasions and a lip laceration.

David F. Duggan, 29, of Ft. Worth, Tex., who suffered lacerations of the left eye and multiple abrasions about the face.

Escaping injury was the driver of an automobile with whom Duggan was riding, John Forbes, 28, of Omaha.

The automobile driven by Howard Duncan was traveling east on O and was about to make a left turn to the north at the intersection of 48th, police reported, when the accident occurred. The Forbes car was going west on O at the same time.

The accident occurred in the center of the intersection in an almost head on collision.

Duggan was taken to the Veterans Hospital where he stayed overnight. Mr and Mrs. Howard Duncan were taken to Bryan Memorial Hospital. Mrs. Duncan remained in the hospital while her husband was released.

Miss Nebraska Comes Pretty Close

LONG BEACH, Calif. (AP) — Miss Illinois, Myrna Hansen, 18-year-old Chicago blonde, Wednesday night won the title of Miss United States and will represent this nation in the Miss Universe contest starting Thursday night.

Miss Nebraska—20-year-old Berneta Nelson of Clay Center —was among 20 semi-finalists in the running for the Miss United States title.

Miss Colorado and Miss Iowa also were among the semi-finalists in the contest.

Swapping Odds And Ends Is First Business At Boy Scout Jamboree

JAMBOREE CITY, Calif. (AP) —One of the first orders of business at the third national Boy Scout Jamboree—the swapping of oddments by small boys—is under way.

In six large "trading post" areas on this 3,000-acre campsite near Newport Beach, Calif., Scouts gather by the hundreds in special tents set aside for the purpose. The swap tents, open and lighted at night, resemble a county fair midway.

Swapping material includes cow horns and horned toads from Texas, pine cones and small bags of wheat from the Northwest, and handkerchiefs, tie slides, medallions and such from anywhere.

Special trains, buses and cars brought in an estimated 12,000 more Scouts Wednesday, raising the population to more than 30,000. Officials expect almost 50,000 to be on hand when the jamboree opens officially Friday.

Some of the boys get a look at Hollywood in action.

Actor George Murphy headed a crew from the film colony that began production of a film, tentatively titled "Boy Scouts of America Jamboree, 1953." The producers said a print of the film will be furnished to the U.S. State Department overseas information services for showing around the world as "a practical and efficient demonstration of the American way of life in action."

The boys are learning plenty about cooking with charcoal. Jamboree Troop 26 from the Fur Belt area council of Michigan turned out appetizing golden scrambled eggs for breakfast today.

Secretary of Agriculture Ezra Taft Benson arrived Wednesday at nearby Los Angeles to participate in sessions of the National Executive Board of the Scouts. Benson is a member of the board.

Attending the Jamboree are 116 Boy Scouts from Lincoln and members of Scout troops from throughout Nebraska.

Mormon Official Elder Bowen Dies

SALT LAKE CITY (INS) — Elder Albert E. Bowen, a member of the Council of Twelve Apostles of the Latter-Day Saints Church and former president of the Deseret News Publishing Co., died Wednesday at his home in Salt Lake City.

Death came to the 77-year-old Mormon Church official following a year-long illness. He had served on the ruling body of the church since 1937, and was a leader in the LDS church welfare program.

Elder Bowen was born in Henderson Creek, Ida, and was a graduate of the former Brigham Young College in Logan and the University of Chicago.

DeGasperi Announces New Cabinet Formed

ROME (INS)—Acting Italian Premier Alcide De Gasperi announced Wednesday night he has formed a new cabinet to head Italy's coalition government.

Center and right-wing party officials immediately predicted difficulties in getting a vote of confidence from parliament for the new coalition line-up. Some warned of a defeat for De Gasperi.

Allied Jet War Planes Lead The Way Under Sunny Skies

South Koreans Gain Near Half Mile Behind Waves Of Strafing Aircraft

SEOUL (Thursday) (INS) — The South Korean Army launched a broad smashing counter attack today against the New Chinese Communist line south of Kumsong while Allied jet war planes led the way under sunny skies.

The South Koreans threw three divisions into the counter attack, while 335 jets and bombers scoured the front, pouring tons of high explosives, rockets, incendiary napalm and machine gun fire on offensive enemy columns.

The counter smash opened just after dawn in clearing weather when the Fifth Air Force sent its combat planes into the skies for the first time in three days. The planes hurled tons of explosive at the rail bridge over the Kumsong River just west of where it runs into the Pukhan.

The bridge was wrecked.

This bridge was mined and fused and ready to be blown on Tuesday but the ROK unit entrusted with the duty failed to set off the charge. As a result, hordes of attacking Chinese in their 100,000 man offensive against the Allied front had easy access to the south bank of the river.

The first job of the Air Force was to close this vital artery of communication.

ROK Gains

The ROKs went over to the assault today under the direction of the hard-boiled General Sun Yup Paik, chief of staff of the South Korean Army.

ROK Corps headquarters claimed gains up to nearly a half mile in the counter attack's initial phase.

As the ROKs charged forward to blunt the Communist offensive wave after wave of close-support jets roared low over the battlefields strafing enemy columns with machine gun fire and rockets.

A few hours after the counter attack began rolling. General Paik announced "we are making good progress. I feel now that the battle has settled down to the point where we can go ahead and attack and drive the Chinese back."

Resistance Strong

Allied tanks paced the ROK infantrymen who aimed to wipe out the gains scored in the massive Chinese offensive.

Resistance to the Chinese stiffened along the flaming battleline this morning in the face of enemy pressure that was applied with great force in bloody encounters last night and the darkness of early morning.

Before the counterattack was opened heavy Allied high-flying Superforts dumped hundreds of thousands of pounds of high explosive on Red concentration points, softening up the enemy ranks for the ROKS.

Bixler Ranch Near Harrison Hit By Flames

HARRISON, Neb. (AP)—A five-room home, its furnishings and two small buildings, estimated at $10,000, burned on the Bixler and Son ranch 25 miles south of here early Wednesday morning.

Ranch owners Sen. Monroe Bixler of Harrison and Milt Bixler of Scottsbluff, the senator's father, said the fire apparently was started by a gas operated refrigerator.

No one was at the ranch at the time of the fire. The loss is partially covered by insurance.

Sen. Bixler, who returned to Harrison Tuesday night from Lincoln where he attended a meeting of the Board of Equalization, drove to the ranch Wednesday morning to find the buildings burned to the ground.

Christie Pays Death Penalty

LONDON (AP) — A hangman's noose Wednesday snuffed out the life of John R. Christie, the sex strangler of Notting Hill.

The skinny little trucking clerk, who confessed he killed seven or more women, dropped through the gallows trap at Pentonville prison while a crowd of 200 cracked morbid jokes outside the gates.

A defense psychiatrist testified at the trial last month that Christie, 56, was fascinated by dead bodies. Christie himself said his killings had "no reason, no sense." He pleaded insanity.

He was executed for the murder of his wife, Ethel, 54, whose body was found stuffed under the floorboards of his sleazy flat last March. The bodies of three younger women were found walled up in the pantry and the back yard yielded two female skeletons.

Light Rains Wash Area

Unofficial City Mark Read At .31 Of Inch

Lincoln was the main target of brief summer showers which brought light rain to scattered parts of southeast Nebraska Wednesday afternoon and evening.

The shower was an on-and-off affair in the Capital City, increasing to downpour proportions for a short time and then slacking off rapidly.

Rain falling in uptown Lincoln was measured at .31 of an inch. An unofficial weather observer in southeast Lincoln reported rainfall there at .19 of an inch.

Heaviest rain reported was .75 at Odell. Beatrice recorded .41 and Wymore had one-half inch. Light showers fell late Wednesday afternoon at Crete, Milford, Ashland, Denton, Malcolm, Pleasant Dale, Raymond, Wilber, Denton and Hastings. A heavy local rain was reported southwest of Denton.

Moderate Temperatures

Cooler air was slated to push into northwest Nebraska Thursday, holding the mercury down to the 80s. A few scattered thunderstorms were expected in central sections Thursday.

Earlier, an isolated hail storm caused considerable crop damage in the Clatonia area. A belt of hail several miles wide cut an eight to 10 mile swath, striking 30 to 40 farms and resulting in almost total losses of corn on some farms. Waterloo also received locally heavy hail, but there were no reports of major damage.

Twenty-four hour precipitation reports included:

Critic Of Rhee To Stand Trial

SEOUL (INS) — Dr. Chough Pyung Ok, southern Korean opposition leader who personally criticized President Syngman Rhee's "go it alone" policy on a Korean armistice last month and then disappeared, Wednesday was ordered to trial before the Seoul District Court.

The 61-year-old secretary-general of the opposition Democratic Nationalist Party, one-time Republic of Korea home minister and police commissioner, will be tried on charges of violating the National Security Law—a special wartime measure passed by the ROK National Assembly.

Three Local Boys Missing

Three Lincoln youths were reported missing Wednesday night and worried parents contacted Lincoln police, the sheriff's office, and the State Highway Patrol.

A trio of young boys of the C. W. Thompson family at 1835 So. 23rd—Tommy, 10; Johnny, 8, and 6-year-old Bobby—were missing from home twice Wednesday.

Police found the boys near the police garage at 10th and R late Wednesday afternoon. The three youths had been gone since 2:30 p.m.

Officers took the three home and let them out of the car in front of the Thompson residence. The boys promptly took off again. All three boys were wearing red shoes.

State Tax Board Hears 17 Additional Counties

By ARCH DONOVAN
Star Staff Writer

"Assessment valuations do not cause taxes. What the spenders, state, counties, cities and school districts, are spending is the reason for taxes."

Thus, Gov. Robert Crosby explained to Hall County's delegation why similar homes on different sides of a street on the Grand Island city boundary had a difference in taxes of $50 outside the city and $150 within the city.

He pointed out that the residence inside the city was paying the cost of larger and better schools, plus the benefits of city utilities and protection. If homes on the other side of the street have the same benefits, he said they probably are paying the city a special tax.

Conflicts of opinion within the counties appeared Wednesday as 17 Sandhills and central Nebraska counties appeared before the state board of equalization to explain how assessments had been made.

Board Defended

Carl Knickrehm, expert appraiser from Grand Island, defended the board in only making a 20 per cent increase in town property on the grounds that there is "a lot of water in home sales" due to the small down payments required and people will pay an inflated value to "get a roof over their head."

Charles X. Miller, representing the Farm Bureau, contended that farms are assessed at $340 for $1,000 invested as compared to $190 for homes.

He termed efforts of the state board to equalize "the most courageous move in 50 years" and said it was long overdue. He said that he only asked that city values be brought up to farm values "and then equalize with other counties in the state."

Don Weaver, county attorney, expressed fear that he could not defend increased valuations if taxpayers brought suits and asserted that every lawyer in town had a pocket full of protests.

Wilbur Huchens, Buffalo County assessor, who has had the benefit of a reappraisal up to 60 per cent of actual value saw little danger in suits in his county if other counties were treated equally.

Gov. Crosby "got even" for the many jibes he had been forced to take over the way Lincoln County assesed in a discussion of the average individual valuations in various counties. He pointed to the chamber of commerce advertising of Dawson County as the "alfalfa capital of the world" and said it indicated that the county was the richest per capita of any county in the state.

No Changes

Holt County reported making no changes in the valuations of 1952 which were then reduced by half under the new law. The valuations are 15 per cent of the estimated actual value based on sales reports.

Wheeler and Greeley counties sought a reduction in the real estate assessments they made on the basis that they were 52 per cent of the estimated value based on sales, Greeley County told of depressed values and said only three new houses have been built in the past year.

House of Sand

"You are building a house of sand with only one ingredient when only sales prices are used to fix values," Arthur Anserou, county attorney of Wheeler County, told the board in urging that productive value be considered.

He said that grazing land in the county is assessed at four times its productive value and made comparisons at what assessments would be in farming areas if a similar measure was used exclusively.

Defense Secretary Given Report:

Navy Air Station Rated 'Essential'

The Lincoln Naval Air Station has been listed by the Secretary of Navy as "essential" in a report to Secretary of Defense Wilson and funds are expected to be made available for construction and purchase of real estate by Aug. 1, 1953.

This information was received in Lincoln Wednesday by Capt. Harold J. Murray, commandant of the Lincoln unit.

Over-all defense cuts by Congress had temporarily held up relocation of the naval unit which was forced to evacuate its present quarters at the Air Base pending occupation by the Air Force. The announcement that funds are likely to be made available will permit the shift of location at the base to the southeast corner of the air field.

Priority Basis

The listing of "essential" was made by the naval secretary at the request of the defense office which, it is assumed, will grant construction funds on the basis of priority. The Lincoln naval unit, consequently, has been designated essential to the operation of the Navy in its series of bases throughout the United States.

The Lincoln naval unit houses some 220 full time men plus 22 officers, including a Marine Air detachment and reserve squadron, VMF-113, operating in conjunction with the Navy. Construction will consist mainly of one large "Denver" type hangar which will encompass nearly all facilities required, including offices, a fire barn, and plane storage and maintenance.

Approval is also expected soon by the House and Senate Armed Forces Committees of the purchase by the Air Force of additional land to the south of the Lincoln Base for extension of the main north-south runway.

Routine Action

Col. Myers B. Cather, commander of the Lincoln Air Force Base, reported that the Committee approval is of a routine nature. Congress has already authorized the land acquisition and appropriated the necessary funds.

When the committees approve the purchase, said Col. Cather, the Army Corps of Engineers will be authorized to acquire the land. After the land is acquired, he said, bids will be taken on construction of the runway.

Col. Cather stated he could not say how much land is involved in the committees' approval. There are several different parcels of ground involved, he said, that may or may not be included.

Quick Action Seen By Dunn

WASHINGTON (AP)—Byron J. Dunn, Lincoln, Neb., banker said he believes authority will be given soon to the Air Force to purchase land to lengthen a runway at the Lincoln Air Base.

He told a reporter he was here to "try to push it along as we are getting a little impatient out there."

Congress has authorized such work at airfields and appropriated funds to carry it out.

However, before any specific project such as that at Lincoln can be finally cleared, the Air Force must request it and approval of the Senate and House Armed Forces Committees must be obtained. Additional congressional action is not necessary.

A member of the staff of the Senate Armed Services Committee said the Air Force has not yet submitted its request for Lincoln. However, Dunn said that he understands this will be forthcoming in a day or two.

Dunn said that once the committees approve the work it should go forward rapidly.

News Around The Globe

Bulganin Purge Predicted

NEW YORK (INS) — Adm. William H. Standley (ret.) U.S. ambassador to Moscow from 1941 to 1943, predicted Wednesday that Marshal Nikolai Bulganin, Russia's military chief, "may very well be next to be purged."

Standley, now retired and living in Coronado, Calif., said in an interview published in the current issue of Newsweek magazine:

"Bulganin . . . has been made head of the military forces, but he is a civilian with very little prestige with the Red army . . .

"If I were Bulganin, I'd be nervous."

If Bulganin is purged, Standley added, "that will leave Malenkov and Molotov to fight it out—and I don't think the fight is over."

Treaty Is Ratified

WASHINGTON (AP)—The Senate Wednesday ratified a treaty giving foreign courts the right to try and punish American servicemen for civil offenses overseas.

U. S. courts likewise will have jurisdiction over similar offenses committed by troops of other North Atlantic Treaty Organization countries stationed here.

U. S. troops have been subject to trial in foreign courts for several years under terms of an executive agreement approved by former President Truman, but the treaty provision drew sharp fire from Sen. Bricker (R-Ohio) and others who contended the United States should maintain full jurisdiction over its servicemen regardless of where they are stationed.

The overseas trial provision was the only one which caused a fight as the Senate ratified three separate treaties dealing with rights and obligations of official personnel of one NATO country stationed within another. There are 14 nations, including the United States.

McCarthy Blasted

WASHINGTON (INS)—Retiring U. S. Information Service chief Dr. Robert L. Johnson charged by implication Wednesday that Sen. Joseph R. McCarthy (R-Wis), is "damaging" the nation's fight against Communism.

Without mentioning the senator by name, Johnson declared that it is "one of the tragic ironies of our times . . . that those in the forefront of the fight against Communism are among those damaging the programs that are battling against it."

Johnson said: "One of the great dangers I have sensed during my term of office is that many of our most effective programs in fighting Communism are being impaired by unsupported charges that they are somehow soft on Communism."

McCarthy commented: "I wouldn't know who he (Johnson) refers to. If he does mean us, it is a complete reversal. He has been telling us how constructive and helpful our investigations have been."

Jabara In 2nd Place

SEOUL (AP) — America's first jet ace has until Monday to become the nation's leading killer of Russian-built MIG jets.

Wednesday Maj. James Jabara, of Wichita, Kan., moved into the second spot, shooting down his 15th MIG.

That made Jabara the nation's second triple jet ace and put him one behind the 16-MIG bag of Capt. Joseph McConnell, of Apple Valley, Calif., who since has left Korea.

Jabara, who is in Korea on his second tour and has indicated he might ask for a third, has five missions left before completing 100. The Air Force said Jabara would leave for home Monday whether or not he completes his tour.

Peace Offer Seen

TOKYO (AP)—Top diplomatic sources here expect the Soviet Union to expand its peace offensive to the Far East and offer a peace treaty to Japan soon.

The Soviets probably do not expect to lure economically-weak Japan to their side, but they hope to drive a wedge between this nation and the United States.

The Soviets attended the San Francisco conference in 1951 that wrote the peace treaty since ratified by most of the free world nations. But the Red delegates blustered about the terms and refused to sign.

Recently, as it has in other parts of the world, the Soviet attitude toward Japan has switched dramatically.

Above Normal Wheat Crop Seen In West

By the Associated Press

The first of Box Butte County's 1953 wheat crop has been received at elevators.

One of the early loads weighed 59 pounds and had a moisture content of 12 per cent.

Reports indicate the crop should be above normal. Cutting was expected to increase Thursday and be in full swing by early next week.

Experts checking for the Crop Improvement Association report fields will yield about 20 to 35 bushels in Box Butte, Sheridan, Dawes, Sioux and Cherry counties.

Soaking rains brightened prospects for a bumper corn crop in Madison County. Another good rain within the next two or three weeks was expected to just about make the crop.

Despte the prolonged dry spell, cornfields showed no sign of damage and maintained their lush green color.

Madison County's wheat crop ranged from 25 to 30 bushels an acre with practically all fields combined

An early May freeze and hot June weather cut the county's oat crop to below average.

Staplehurst Boy Said Polio Victim

A nine-year-old Staplehurst boy's illness has been diagnosed as polio at Lincoln General Hospital.

Raphael Novak, son of Mrs. Martha Novak, was described by his physician as in "very good" condition. He was admitted to the hospital Monday morning.

Morris Siegel, county chairman of the National Foundation for Infantile Paralysis, said nine polio cases are hospitalized in Lincoln. He said all patients are in good condition.

Miles Diehl, he said, is the only Lancaster County case hospitalized.

State Independent College Foundation, Inc., Is Formed

Incorporation papers were filed with the Nebraska Secretary of State Wednesday afternoon for the Nebraska Independent College Foundation, Inc.

Representatives of seven charter members signed.

Dr. David Crawford, president of Doane College at Crete, Neb., heads the organization. He said it was formed:

1. To interpret the aims, functions and needs of the member colleges to the public with a view to better mutual understanding and co-operation.

2. To solicit funds for the benefit and support of the member colleges.

Undesignated gifts are to be apportioned according to this formula:

1. Sixty per cent to be divided equally among all members.

2. Forty per cent to be divided proportionately according to the number of full-time undergraduate students enrolled by Oct. 1 each year.

Dr. Crawford said any independent, four-year Nebraska college or university in good standing with the Nebraska Association of Church Colleges and granting the bachelor's degree is eligible.

Two gifts, $9,000 from the Standard Oil Co. of Indiana and $5,000 from the Cooper Foundation, already have been received.

Chancellor Carl C. Bracy of Nebraska Wesleyan is secretary of the group. Member schools are Concordia College, Seward; Dana College, Blair; Doane College, Crete; Hastings College; Midland College, Fremont; Nebraska Wesleyan; and Union College, Lincoln.

Dr. Tanner Names Winners Of Study Grants For Polio

Three Lincoln doctors have been named by Dr. Frank Tanner, president of the Lancaster County Medical Society, as recipients of clinical grants for intensive study of acute phases of poliomyelitis at the National Foundation's Southwestern Respiratory and Rehabilitation Center at Houston, Tex.

They are Dr. Elmer Hobbs, Dr. Bowen E. Taylor, and Dr. Robert O. Bailey. They were selected from county physicians who volunteered. The clinical grants made available through the Lancaster County polio chapter, will include a weeks' study at Houston and clinics in Lincoln hospitals on return of the physicians.

Mrs. Helen Nelson, Lincoln Resident For 31 Years, Dies

Mrs. Helen Marie Nelson, 42, 1328 No. 29th, died Wednesday in a local hospital.

Born at Union, she had lived in Lincoln 31 years and was a member of First Christian Church.

Surviving are her husband, Harry; two daughters, Mrs. Niles J. Mason and Carolyn Nelson; two grandchildren, and a step mother, Mrs. Harry Graves, all of Lincoln.

Speidell Services Planned Friday

Funeral services for Mrs. Stella L. Speidell, 69, 3810 J, who died Tuesday, will be at 10 a.m., Friday at Roper and Sons Chapel.

Christian Science Reader Oak Davis will officiate. Burial will be in Wyuka.

Born in Omaha, Mrs. Speidell lived in Lincoln 60 years. She was the wife of the late John L. Speidell who was associated with C. E. Speidell and Sons Monument Co., founded by his father.

9 Unhurt In Jump From A Seaplane

SAN DIEGO, Calif. (INS) — Nine servicemen bailed out of a crippled XP-4Y Navy seaplane Wednesday off Pt. Loma, Calif.

The Coast Guard said all the men were picked up at sea. There were no reported injuries.

The plane, a four-engined seaplane, was on a routine training mission when the men were ordered to bail out.

Profit Tax Bill Okayed By Senate

No Changes Made From House Version

WASHINGTON (INS) — The Senate passed Wednesday the House-approved excess profits tax bill and sent it to the White House without change as President Eisenhower requested.

Final action was by voice vote after the Senate defeated, 52 to 34, an amendment by Sen. John J. Williams (R-Del) to increase the small business exemption from $25,000 to $100,000.

(The Associated Press reported Nebraska's two Republican senators voted with the minority on the amendment. Senators Hugh Butler and Dwight Griswold were among nine Republicans and 25 Republicans voting for the amendment.)

Ike Takes Hand

By leaving the measure unchanged, the congressional leaders avoided the possibility that House Ways and Means Chairman Daniel Reed (R-NY), foe of the extension, might delay or possibly pigeonhole the bill in conference.

Mr. Eisenhower took a hand by allowing Senate Finance Committee Chairman Eugene Millikin (R-Colo) to quote him as urging that the Senate adopt no amendments.

The measure continues the excess profits levy retroactively from July 1 through Dec. 31.

Administration leaders expect the extra six months to produce an additional 800 million dollars in revenue.

Gunshot Wound Fatal For Youth

COZAD, Neb. (AP) — Charles Edwin Wickershan, 12, of Cozad died in a Lexington hospital of a wound suffered when a revolver he apparently had taken from a wall at the family home discharged.

Sheriff Paul Whaley and County Attorney Hugh Stuart are conducting an investigation.

Dale Yeutter, brother-in-law of the boy, said the lad was struck in the head with a .22 caliber revolver bullet.

Yeutter said the family was in the house waiting for the evening meal to begin and Charles was alone on the porch. He said the boy apparently wanted to look at the revolver which was hanging on the wall. He said the boy was discovered a few minutes later when one of the Yeutter girls went to call him to dinner.

Charles was the son of Mr. and Mrs. John Wickershan.

Rain Forces University Pops Concert Delay

Summer showers forced University of Nebraska musicians to seek shelter Wednesday night as the scheduled out-door summer orchestra concert was postponed until Tuesday.

Emanuel Wishnow, orchestra conductor, said the "Pops" concert would be held at 8 p.m. Tuesday in the Student Union Ballroom, rain or shine.

Many loyal concert-goers were prepared to face the showers, but after drying the chairs twice, chasing lost music and setting up music stands, the orchestra decided to surrender to the wishes of the weather.

First Soviet Aid Pledged U.N. Program

UNITED NATIONS, N. Y. (AP)—Soviet Russia pledged its first contribution Wednesday to the United Nations Technical Assistance Program, promising the equivalent of a million dollars for 1953.

This action, taken at the summer meeting of the U. N. Economic and Social Council in Geneva, was received with gratification by U. N. officials here.

The end of the three-year Soviet bloc boycott of the program aimed at helping underdeveloped countries raise their standards of living may now force the United States, the biggest backer to come up with another $600,000 in matching funds.

The United States is by far the biggest contributor of the more than 70 countries that have pledged funds and services to the 25 million dollar program. It pledged $12,700,000 outright this year. But also pledged to pay up to $14,708,000 in a matching plan if that total is not more than 60 per cent of all pledges.

Secretary General Dag Hammarskjold said after the announcement by Soviet Delegate A. A. Arutiunian in Geneva that "each new contribution by a government is a further indication of the importance of the program to the underdeveloped countries." . . .

Mrs. Meta Brock Dies Here At 78

Mrs. Meta Brock, 78, 1212 E, died Wednesday.

Funeral services will be at 2 p.m., Friday at Roper and Sons with the Rev. F. Worthmann officiating. Burial will be at Garland.

Survivors are three daughters, Priscilla and Mrs. Gertrude McCreah, both of Lincoln, and Mrs. Charlotte Dalzell of Sheridan, Wyo.; one son, Carl; a sister, Mrs. Marie Davis, both of Garland, and a brother, Tom T. Voss of Van Nuys, Calif.

NU Student Co-Op Purchases House

Norris House, Inc., an international student co-operative house at the University of Nebraska, has purchased the house at 1725 Q and will occupy the property this fall.

The contract was filed with the county registrar of deeds late Wednesday afternoon. Purchase price was $23,000.

The 1725 Q location was purchased from Mr. and Mrs. William Smith, who have operated a rooming house for university students at that location.

President of Norris House is Don Davis of Plattsmouth. The organization has for the past year occupied a house at 1143 J.

Violent Wind Hits Kansas

WICHITA, Kan. (INS)—A violent windstrom, reaching tornado proportions, Wednesday struck Valley Center, Kan., a town of 850 population, 15 miles north of Wichita.

No casualties or property damage were reported. State highway patrolmen reported a funnelshaped cloud touched earth in an open field east of Valley Center and then apparently dissipated itself.

Tornado warnings were broadcast throughout central Kansas at 2:30 p.m. shortly afterward Wichita was hit by a violent hail and rainstorm.

House Approves Voice Of America Program Cut

Supplement Bill Passed

WASHINGTON (INS) — The House approved Wednesday a 31 per cent cut in President Eisenhower's request for the Voice of America programs and passed a 168 million dollar supplemental appropriations bill.

Approval of the measure by voice vote came after the House rejected, 244 to 154, on a roll call vote a Democratic attempt to restore 20 millions of the 27 million dollar cut in Mr. Eisenhower's "Voice" request.

The bill, which now goes to the Senate, provides funds for more than a dozen government agencies for the fiscal year which began July 1. Its final total is 901 million dollars less than ex-President Truman asked.

The House Appropriations Committee reduced the Eisenhower administration's request for the overseas information programs from 87 million dollars to 60 millions. Mr. Truman asked 114 millions.

Rep. Rooney (D-NY) offered the amendment to add the 20 millions in "Voice" funds and to eliminate a provision limiting the agency to 7,500 annual employees.

His proposal was defeated, 155 to 102, on a teller vote and the House subsequently backed up the vote by turning down on the roll call a motion to send the bill back to the committee.

In addition to the 60 millions for the information programs, the bill includes 43 millions for overseas occupation programs and 37 millions for the Federal Civilian Defense Administration.

There was no fight over the Civilian Defense funds, which were 88 million dollars less than Mr. Eisenhower requested and 112 millions below the Truman budget.

Biggest whack in the bill was the elimination by the Appropriations Committee of the 700 million asked by Mr. Truman for Air Force construction. The bill, however, authorized use of 240 millions in unobligated funds.

The measure provides a total of slightly more than eight million dollars for payment of claims of persons of Japanese ancestry. This is the full amount proposed by Mr. Truman.

'Public Safety Highway Rules Binding On MUD'

Regulations of the State Highway Department "to promote public safety and preserve and protect state highways" are binding upon the Omaha Metropolitan Utilities District, the attorney general's office has ruled.

State engineer L. N. Ress requested the opinion.

Money raised by one county cannot be used for paying premiums, and other fair expenses for anyone residing outside the county, according to an opinion given Dodge County Attorney Forrest Johnson.

The Legislature has not implied any limitation on the number of fair associations which can be established and receive county aid, the opinion also stated.

Old Sol's Rays Decrease Here

A very slight, but noticeable decrease in the intensity of the sun has been recorded at the Lincoln Weather Bureau the last several days, Welby Stevens, weather bureau chief, reported Wednesday.

Stevens, however, said he was not certain whether the drop was caused by possible dust particles from recent volcanic eruptions in Alaska or other factors. A large area surrounding a volcanic eruption usually experiences a decrease in temperature immediately following the action.

Stevens further noted that Lincoln has been a comparatively dry area this year, receiving less moisture than western and northern parts of the state.

Many weather predictions have included local scattered thundershowers, which are particularly difficult to locate definitely, Stevens said. Predictions for Lincoln and vicinity, he said, cover an area with a 15-mile radius in which many showers are small and very localized.

Water, Light Work Cut, Pay Hike Sought

Thirty-three plant employees of the city water and light departments have presented a request to Mayor Clark Jeary for a change from a 48 to a 40 hour work week and an increase in wages from $1.63 to $1.97 an hour.

The request was presented to the mayor by Norman Johnson, Gale Harris and Charles Booth in behalf of water and light employees in the Ashland, 51st Street and A Street plants.

The plant operators reported that the change would place them on a par with employees of Consumers Public Power District who do the same type of work.

The change has been estimated to cost about $10,000 a year for the light department and $8,000 a year for the water department. City Engineer D. L. Erickson is to study the request and make a report to the City Council.

New Cost Group Will Hold Original Meeting Thursday

The newly created Improvement Cost Committee will hold its first meeting at the City Hall Thursday afternoon.

The committee, appointed by Mayor Clark Jeary with City Council approval, is charged with investigation of costs of special improvement districts for water, sewers, paving and resurfacing.

At its first meeting, the group will go over with the city engineering department preparation of plans and specifications for such districts.

The committee was appointed mainly to either prove or dispell the periodic claims of excessive costs in such districts.

Wunderlich Contract Co. Files High Court Appeal

An $80,000 supersedeas bond was filed in Lancaster District Court Wednesday by the Wunderlich Contract Company on an appeal to the Nebraska Supreme Court in an action against Ben and Stanley Selig, co-partners of the Esse Radio Company of Indianapolis.

A Lancaster District Court jury awarded $70,000 to the Seligs on May 16, 1953, in an action concerning war surplus salvage. Filing the bond is an attempt to stay the decision of the District Court.

Unrest On The Farm

The staunchly Republican St. Louis Globe-Democrat, noting the direction of the winds in rural America, comes up with this:

"All is not well on the farm front. In many areas from the Rockies to the Atlantic, this is the worst farming year in two decades. In the Southwest farmers and ranchers are suffering from their fourth consecutive year of drought. Colorado is plagued with grasshoppers which are threatening more than a million acres of farm and range land. In the Middle West, storms and hail have cut down yields of grain. Meanwhile the prices of farm commodities continue to decline. In June farm prices were down 12 per cent below the same month of 1952 and 18 per cent below the peak set in February, 1951. Since President Eisenhower took office in January, prices have dropped 3 per cent — and the slump has not been halted."

That is only the most superficial summary of fact echoing through Nebraska and all these farm states. Nebraskans know it all too well. Of much greater interest is this from the Globe-Democrat in concluding its comment:

"The principal exponent in Congress for continuing high price supports is Rep. Hope of Kansas, chairman of the House Agricultural Committee, Hope argues that the present program has proved its effectiveness and he believes that support prices should be extended to other commodities wherever possible."

If Mr. Hope wins his fight—and it is of the greatest concern to rural people—he will have to win it over the bleeding head of the present secretary of agriculture, and, we fear, without too much help from the White House. The Globe-Democrat frankly recognizes that Secretary Benson and his legislative right arm, Sen. Aiken of Vermont, chairman of the Senate Agriculture Committee, proposed to rewrite the government's role in agriculture. They point out, the Globe-Democrat continues, that existing high and rigid price props encourage surpluses, promote wasteful farm practices, and tend to price commodities out of the market. They favor a system of flexible price supports which can be raised to encourage production or lowered to force shifts.

The great trouble with Secretary Benson and Sen. Aiken is that when they talk about shifting to other crops—for example, in the case of Nebraska, Kansas, the Dakotas, Iowa, Illinois, Ohio, Indiana and some others — regions where they really produce food — corn, wheat and other small grains and livestock—they are talking nonsense. Mr. Benson's conception of the Midwest farm seems to have been shaped from his experience in a high plateau, mountain state, Utah. Cliff Hope, a capable man, or Milt Young of North Dakota, another very capable man, know the facts about agriculture. We would have been delighted to have seen either one occupy Mr. Benson's chair. We had a year's association with them in a Missouri Basin flood study and we know agriculture would be safe in their capable hands.

Changing The Deadline

Rep. Carl Curtis of the First Nebraska District voices a quenchless faith in human nature in a bill which he introduced in the lower house of Congress. He would change the deadline for filing income tax returns from March 15 to April 15. It would give people another month to ready their returns, he reasons. As a result with deadline a month later the peak load would be taken off overworked Internal Revenue Bureau representatives and the return filing now crowded into a few short days would be spread out over a longer period.

We suggest to Mr. Curtis that before he goes too far with his bill, he ought to get acquainted with a lot of people we know. They operate on a system of never doing today what can be done tomorrow. There have been times when the little woman has suggested that the head of the house is guilty of this in minor details.

But at least Mr. Curtis should be given credit for effort. Now instead of coming to life and messing around frantically somewhere around midnight, March 14, 50 million Americans will get everlastingly busy at midnight, April 14.

Of Men And Things

When the people of Lincoln three years ago in response to an appeal from the Lincoln city government for more financial elbow room (a hike in the city's levy limitations) gave approval, the emphasis was upon a long-range program of permanent improvements and development.

★

No Money For Needed Things

The strait-jacket under which Lincoln operated pinched this community painfully. There was no money to take the steps so urgent—no money for equipment or for other requirements which could not be put off indefinitely. We hear less and less about that long-range program of permanent improvements to be made possible through the increased tax revenues. The first year that higher levy was in effect, it was necessary to use $97,480 for salary increases for underpaid city employees. That was so richly deserved. The following year (1952-53) the council granted increases in salaries and wages to city employees amounting to $82,000 in excess of the year before. That took $179,480 for salaries and wages above the amounts required prior to the increase in the levy. Now the city employees presented the case Tuesday afternoon to Mayor Clark Jeary for a third increase amounting to $25 a month straight across the board for city employees, or an additional $171,000 a year, of which about $130,000 involves tax money. A little figuring suggests that since the people of Lincoln approved the levy increase, salary and wage requirements for the third year that the levy is in force would eat up more than $300,000 of the new money the council was given at a special election.

★

One of the more serious mistakes which a previous council made was to hoist Dave Erickson to $12,000 a year to retain his services for which a metropolitan eastern city was bidding. There are a lot of loyal, capable city employees, long in the service, at the City Hall. It would have been well to have recognized at the time that a city of slightly over 100,000 people cannot compete with a metropolitan community well over a million.

★

Not Wholly For Salary Raises

The point which must disturb Lincoln's city government, if it gives any thought to the subject, is that when the levy increase was submitted in the form of charter amendment for popular approval, the people were told over the years they could anticipate a program of permanent improvements. That included storm sewers, streets, parks and modernized equipment. We doubt that there is much more elbow room financially at the City Hall than previously. We know that one single item, storm sewers, involves a whale of a lot of money, a lot more money than is in sight. We know now of additional requirements calling for considerable sums of money. All of this can and should be said with full recognition that for years city employees of experience, ability and loyalty were underpaid.

★

There will come a time when a people assured that they would get a long-range program of public improvements will want to know what happened to it. Then it will be a poor answer if they are told that the bulk of the money was used for salary adjustments.

A Book Easy To Burn

Pogo, that gentle, observing and very funny little character who cavorts daily on The Star's comic page, is the subject of an advertisement in the New York Times which is worthy of note. Let the following be regarded as free advertising for Simon and Schuster, publishers of the book "Uncle Pogo So-So Stories"; it merits reprinting as a superb commentary on our times:

"Hear Ye, Goodwives and Good Men All!

"There are at the book stalls even now copies of a tome entitled Uncle Pogo So-So Stories. It is concocted by some fiddle-faddle wizardry of bat's wool, of newt-eye, adder's fork, blind-worm's sting—and worse, God wot, of ideas. Its pages are foxed with a small magic, an eerie stain of laughter, which in these times is not in the publick interest.

"Here, good folk, is a fine cheap book for the burning. ($1.00)*

"Leading alchemists have, on their blood, sworn that the aforesaid book doth burn with a goodly light, brightly and clearly. Its pages are consumed in a trice with a quick and pretty blaze. When the smoke has cleared there is a most satisfactory ash, at once pleasing in texture and soothing to the humours.

"Have ye been standing idly by for lack of book, envious of the richer neighbour? Or have ye been put to great cost to procure volumes for the flame? Have the books consumed been of heavy thickness, burning slow with trouble?

"Such tribulation, good people, is at an end. Uncle Pogo So-So Stories costs but little. Men of humble means shall not be denied the joys of conflagration. Marry, 'tis only this book which adapts itself to modest purses. One dollar and a penny match are all that good men need. Then with good will and a lighted eye can ye every heart set to!

"This book requires no poking or stirring. It is a thin thing. It smoulders not, neither does it char. It burns, Citizens, with such ease that the most swaddling child may be trusted with the torch.

"Join ye then, for a trifling sum, with all men of like complexion to gather round the flames which send the long and merrie shadows leaping through the land.

"* For Milord and Milady, for the Noble, and for folk of high gentility who would delight to regale their gentle friends in splendour and luxury, we have a small and lovely supply of expensive, hard covered editions. These combust with a wondrous snap, a cracking and ye popping most excellent for party entertainment and small celebrations ($2.50)."

Reaching The Masses

The discouragements a Communist party worker experiences in America have been outlined in a report a comrade supposedly wrote to a superior:

"It is becoming increasingly difficult to reach the down-trodden masses in America. In the spring they're forever polishing their cars; in the summer they take vacations; in the fall they go to the World Series and football games. And in the winter you can't get them away from their television sets. Please give me suggestions on how to let them know how oppressed they are."

Bohlen Put On Spot By Boast Of Dulles

WASHINGTON — The diplomatic corps is laying bets that the Kremlin will ban Ambassador Charles E. Bohlen from returning to Moscow as a result of John Foster Dulles' boast that Bohlen knew Beria was to be purged.

This not only put the U. S. ambassador in the position of being a spy, but of being a very good spy. Naturally the Russians don't want the top secrets of the Politburo leaking to us any more than the White House wants secrets of Cabinet meetings leaking to the Russian embassy.

Once before, Moscow banned a top U. S. diplomat, George Kennan, because he made an unfortunate remark about Russia. So the Dulles boast looks like a heaven-sent opportunity to get rid of an American expert on Russia, who speaks the language and really knows his way around. Incidentally, few U. S. diplomats are left who speak Russian.

Actually Bohlen did not get a real scoop on Beria's purge. He merely reported what other western ambassadors did, that Beria was not at the Bolshoi Theater on June 27, the same night that tanks rumbled into Moscow.

Bohlen, a brilliant diplomat but never averse to taking a rest, got caught by the Beria incident en route to a vacation after he had been at his new post only three months. He was planning to sun himself on the Maporca Islands when the purge of Beria was announced.

It may have been to cover up the vacation that Dulles boasted about Bohlen's alleged Beria prediction.

Unfortunately, the two got their wires crossed. For, while Ambassador Bohlen in Paris told newsmen he didn't think the Beria matter would interfere with his Spanish vacation, the secretary of state in Washington was telling the press that Bohlen had come to Paris because he knew Beria was going to get out and so he would be nearer Washington in case they wanted to consult with him.

After that statement, the ambassador had to go through with the deal. He took the next plane home, leaving his family in Paris, their summer clothes all packed for a vacation off the coast of Spain.

NOTE — Some of Secretary Dulles' best friends in the State Department are figuring on how they can get him to say less at the wrong time. His recent statement about rearming Japan put the pro-U. S. Yoshida government on the hot spot, played into the hands of anti-Americans. Another Dulles background statement about deserting Chiang Kai-shek brought a storm of wrath from Congress, caused Dulles to ask the White House to deny his own statement.

WASHINGTON WHIRL

Karl Mundt of South Dakota didn't take a stand one way or the other during the closed-door debate over Protestant-critic J. B. Matthews. He walked out during the meeting . . . Sen. Dirksen of Illinois also ducked the meeting. Potter of Michigan was the only Republican to stand up to McCarthy.

McCarthy's latest request of the State Department was to know what books it carried by Judge Learned Hand, one of the most distinguished jurists in the nation; Rev. A. Powell Davies, noted Washington Unitarian; Elmer Davis and Raymond Gram Swing, two commentators who have had the courage to criticize McCarthy.

FOUR CENT STAMPS

Ike got into a friendly argument with one of his best advisers on Capitol Hill the other day over the politically dynamite-laden question of increasing postal rates.

What happened was that Postmaster Gen. Summerfield originally proposed raising airmail rates to eight cents, but the air lines kicked up such a fuss that he compromised at seven. He also proposed raising second-class rates on magazines, newspapers, etc., by 50 per cent.

This brought a protest from some of the big magazines. And since the Saturday Evening Post, Look, Life and Time were among Ike's best supporters, once again Summerfield whittled down the increase — to 42 per cent.

Meanwhile, Chairman Carlson of the Senate Post Office Committee felt that Summerfield should delay the increased postage until congressional committees could make a survey. On the other side of the Capitol, Chairman Rees, also of Kansas, feared it would be bad politics to increase the price of postage stamps and told his fellow Republicans that he wouldn't introduce Summerfield's postal bill unless he was pledged congressional support in advance.

In fact, the two Kansans, Carlson and Rees, entered into a pact not to introduce the postal bills.

The other day, however, Ike personally phoned both of them, asked them to drop in for a talk. Whereupon Rees hastily introduced the increased postal bill —30 minutes before he was due at the White House.

However, the White House meeting was suddenly called off. This left Rees in the position of having walked out on his agreement with Carlson.

Later, the President did call in Carlson, and for the first time the two old friends disagreed. Ike asked Carlson to introduce the postage increase, but Carlson felt the bill should be delayed until hearings could be held and a survey made.

MARQUIS CHILDS

McCarthy Committee Row Long Brewing

WASHINGTON — The remarkable thing about the explosion in Sen. Joseph McCarthy's investigating subcommittee was not that it occurred but that it was so long delayed. For weeks the resentment had been growing among both Republicans and Democrats against the dictatorial way in which he ran the committee.

The appointment of J. B. Matthews as head of the staff and the subsequent disclosure of Matthews' attack on the Protestant clergy as being the chief resource of the Communist conspiracy was only the climax. From the time he took over the chairmanship of the full committee on government operations, McCarthy had made the investigating group his personal apparatus to carry out his private designs.

The Democratic members seemed to acquiesce, or at least they entered no public protest, while the chairman carried on what was virtually a personal inquisition. Increasingly, Republican members looked the other way; either they did not attend hearings or they sat in silence while McCarthy ran his own show.

☆ ☆ ☆

More than two months ago McCarthy announced a staff appointment that might have been expected to jolt the minority on the committee. He said that he was retaining Harvey Matusow, an ex-Communist, to investigate Communist infiltration into press, radio and television in New York.

One of the Democratic minority is Sen. Henry M. Jackson of the state of Washington. Last fall Matusow had gone into Washington to campaign against Jackson with reckless accusations. He had campaigned in Montana against the Democratic candidate, Sen. Mike Mansfield, with similar charges of Communist sympathy. In several other states, too, Matusow had been used, although it was never clear who sponsored him or who footed the bills.

But his charges were so wild, including statements that staffs of Time, the New York Sunday Times and the Associated Press were infiltrated with card-carrying Communists, that they backfired. This record was brought out after McCarthy's original announcement. The publicity may have caused the chairman to change his mind. At any rate inquiry at the McCarthy subcommittee brings the reply that Matusow has never been retained and probably never will be.

☆ ☆ ☆

McCarthy appointed two young investigators, Roy M. Cohn and G. David Schine, and sent them on a 17-day investigative tour of State Department operations in seven countries of Europe. One result was a harvest of publicity as the two gave press conferences from city to city. They became a grim joke in the European press.

Committee members, again Republicans and Democrats, were disturbed by these reports. At the time nothing was done, although reports began to circulate that McCarthy wanted to drop Schine, the son of a wealthy owner of hotels and radio stations. His title was "consultant" and while at the committee office it was said he still has that title, no one will say what he is now consulting about. An article in the Reporter Magazine gives extraordinary factual details on how Cohn and Schine used the Schine family's private suite in the Waldorf-Astoria towers as headquarters for interrogation of "Voice of America" employees summoned to what had all the appearance of a star chamber inquisition.

As McCarthy followed his own course with virtually no consultation with other senators, the resentment grew. Yet such was the awe of McCarthy that little or nothing was said even at hearings when witnesses were publicly given the full treatment of abuse and contempt.

☆ ☆ ☆

What the Matthews incident did was to bring into the open a latent opposition long smouldering. Northern Democrats had been reluctant to speak out. Now southern Democrats, Sen. John McClellan of Arkansas and Sen. Harry F. Byrd of Virginia in the forefront, led the attack. The three committee Democrats, Jackson, McClellan, and Sen. Stuart Symington of Missouri, resigned. Contrary to some published reports, they took this step only after consultation with party leaders in the Senate.

The Democrats say they will not go back. At this writing, no Republican has said a word in defense of McCarthy, which is a remarkable contrast to two and three years ago.

At this point the role of Vice President Nixon becomes, as it has in the past, of singular interest. Among many senators he is credited with engineering the "compromise" intended to save McCarthy's face after he had agreed to let Matthews go and the three Republicans on the committee, Potter of Michigan, Dirksen of Illinois and Mundt of South Dakota, went along. This precipitated the resignation of of the Democrats. So now another and bigger face-saving operation will be necessary.

MAN'S BEST FRIEND

Lincoln Lad Won Both A Contest And A Dog

By ALLEN EDEE
Star Staff Writer

Duke has reason to be a one person dog.

His 11-year-old master, Dave Wohlfarth of 2032 Calvert, acquired the 3½-month-old English Collie through his own effort—by winning a contest.

The contest, sponsored by the Cornhusker Kennel Club of Lincoln, had offered the collie to the winner of an essay on "Why I Should Train My Dog."

☆ ☆ ☆

Dave heard about the contest from his sixth grade teacher. He went home that night and composed the following prize-winning essay on "Why I Should Train My Dog."

"I train my dog because training is good for him. It helps him feel loved and secure. He is happy with me, when I care enough to show him understanding and patience. Secure, because by training he learns where he belongs, where he can and cannot go. Dogs who are a nuisance are so because they do not know where they belong.

"Training is healthful for him. Regular exercise and proper feeding keep him strong. His disposition is good and he's safe to be with.

"Most of all I would train my dog well because a trained dog makes a wonderful pal. Pleasant chores like bringing in the paper or returning my ball are fun for both of us. I am proud when he shows he understands my commands. I would train him well and be as faithful and kind to him as I know he would be to me."

The next day, Dave came to school, rewrote his essay carefully in class, and handed it in.

Early in May the winner was announced. Dave had won.

(Star Staff Photo)

DAVE WOHLFARTH AND DUKE
. . . "I would train him well" . . .

The young master admittedly says it is more difficult to train the dog than he thought it would be. Duke can heel fine, but to train the frisky collie for other obedience training takes time and considerable patience.

Dave and Duke can learn from the example of Copper, a well trained 12-year-old American Collie who has been in the Wohlfarth household since 1944.

Copper has always been a dog peculiarly attached to the adults. So Duke has filled a big space in Dave's life.

Stadium, Pro And Con

Lincoln, Neb.

To the editor of The Lincoln Star: I read with considerable interest Norris Anderson's plea for a stadium and new physical education plant in the Lincoln schools. Since all I have previously seen were political jockeying and protests from citizens adjacent to the Rogers tract, etc., it was heartening to see someone take the bull by the horns.

My family, too, has stood in line, then never got in to Lincoln High football games, and I guess we have all suffered from our various schools playing in the small junior high basketball gyms around town.

We come from Indiana where towns one-third the size of Lincoln have 20 times the facilities for high school athletics.

Even though the thing looks years away, writings like Anderson's may make a reality some day. City councilmen, like everyone else, need a prod now and then.

R. S. RICE

Lincoln, Neb.

To the editor of The Lincoln Star: We've been among Norris Anderson's boosters for some time and recognize his course is always a good one. Everything about the stadium he said is true, but why not mention loss of property values, inconvenience, noise, etc. that would be suffered by us people in the neighborhood? Show both sides.

L. S.

Lincoln, Neb.

To the editor of The Lincoln Star: I think Norrie Anderson missed the point in his column on building a stadium at 33rd and O. What we need there is the auditorium.

Maybe a lot of other voters have forgotten about the auditorium, but as I recall, there were some promises made about it. We have been waiting more than 10 years for it, and still have nothing to show. It is about time the mayor and Council got on the ball and did something besides generating a lot of hot air.

We ought to build that auditorium fast, and the best location is at 33rd and O. It has lots of parking space. Can you imagine what it would be like trying to find a place to park around 15th and M? People would stay home before attending anything at an auditorium built there.

Less talk and more action on the auditorium is needed. A stadium can come later, but we have waited long enough for that auditorium.

Terrible Unicameral

Lincoln, Neb.

To the editor of The Lincoln Star: The worth of a Unicameral to a people is measured by what it has done for them, or to them. As so measured, the unicameral stands charged with the present mess we are in via taxation.

The "behemoth" legislation permitting crushed highways is another one of the Unicameral's children. As between its own nefarious acts and the whims and fancies of a political-minded governor, it has placed upon the statutes still another tax burden. It has loaded upon the backs of county taxpayers the assistance medical costs, with the assistance fund chocking with money. That bill was the governor's but the Senate yielded to his political whip and passed the bill and then it passed the other bill of the governor's—a purely slave-holding claim against the aged on state assistance. They are sold to the original county from which their assistance claim arose, no matter to what other county they may remove.

Never in the history of the state have the aged been so persecuted by a legislature hell-bent on doing a governor's bidding. Non-partisan and non-political—what an alibi!

Matthews Asks Hearing On Charges

WASHINGTON (INS)—J. B. Matthews appealed to the House Un-American Activities Committee Wednesday to hear his evidence on the charge of pro-Communism in the Protestant clergy that forced his ouster from the staff of a Senate committee.

Matthews resigned as executive director of Sen. Joseph R. McCarthy's investigations subcommittee in the wake of protests by President Eisenhower and Democratic senators against the charge he had made.

The deposed McCarthy aid sent a letter to House Committee Chairman Harold Velde (R-Ill) stating:

"Hundreds of citizens from all parts of the United States have suggested that I appear before the Committee on Un-American Activities to present exhaustive documentation on the Communist infiltration of the clergy. I will welcome such an opportunity if my appearance is agreeable to your members."

Velde said he will submit Matthews' letter to the full committee for action at a closed session Monday. He said that is the earliest possible date the matter can be considered.

Even before Matthews' appeal to the House committee was made public, the American Civil Liberties Union expressed concern that his resignation and its acceptance "may have incidentally involved the violation of a principle of civil liberties."

The union, in a letter to the three Democratic ex-members of McCarthy's subcommittee, declared that Matthews quit "apparently under pressure" without the "due process of a fair hearing."

McKay Asserts Portland Remarks On Hell's Canyon Were 'Off The Cuff'

OMAHA (AP)—Secretary of the Interior McKay said Wednesday a tape recording "ought to answer" questions on his remarks about the Hell's Canyon power project made in Portland, Ore., June 1.

McKay told reporters at a news conference the Portland talk was an unofficial speech to his "old friends" in the Portland Chamber of Commerce but "it was tape recorded."

The reference was in comment on a statement to the power commission Wednesday by Mrs. Evelyn Cooper, attorney for proponents of the proposed federal dam on the Snake River, that McKay had said in Portland he hoped the Idaho Power Co. would be allowed to build three dams "under specifications of the Federal Power Commission."

Mrs. Cooper produced a photostatic copy of a newspaper report of his speech and said she would obtain a tape recording of the talk.

Clarence A. Davis of Lincoln, solicitor of the department, had placed a letter in the record of the hearing saying that the report that McKay favored the applications was "in error."

McKay explained that the Department of the Interior had decided not to intervene in this hearing and he is not taking a position, "but even if I'm Secretery of the Interior I'm entitled to my personal opinion."

He emphasized that the Portland talk was one of several "off the cuff" talks and was "not an official speech."

SEC. McKAY . . . "not too familiar with the Missouri River where he spoke at the dedica- basin."

McKay stopped in Omaha between planes en route to Denver, where he will meet with to Glacier National Park at Cutbank, Mont.

He came from Diamond, Mo., scheduled to attend a dedication of the addition of some new land regional reclamation bureau personnel Thursday. He also is tion of a national monument honoring George Washington Carver, noted Negro agricultural scientist.

McKay was accompanied by his wife; Conrad Wirth, head of the National Park Service, and members of Wirth's staff.

Relaxed and cheerful as he returned to the state where Mrs. McKay was born—she is a native of Bloomfield, Neb.—McKay chuckled frequently as he answered reporters' questions.

He said it was "news to me" that Rep. Jensen (R-Ia.) had been reported holding up action on the Interior Department appropriations bill because another subcommittee had refused to vote funds to channel the Missouri River under the "dry land" bridge between Onawa, Ia., and Decatur, Neb.

Jensen said in Washington Wednesday he did not know he was holding up action on the bill, but he was "put out" when the item was deleted from the bill.

McKay, who described himself as "an old Columbia River Basin man," said he was not too familiar with Missouri River Basin problems, but pointed out that former Gov. Fred G. Aandahl of North Dakota, now his assistant, is a specialist on the Missouri Basin.

Asked if he thought all is being done that can be done for the aid of the drought stricken areas of the south, McKay pointed out that Secretary of Agriculture Benson had visited the area and made recommendations and "I'll put my money on Benson."

He explained that he doesn't believe in grants or aid from higher echelons of government, but in the case of a disaster such as the drought "everything is different." He termed federal relief for the drought area an emergency and different than helping people who ought to be helping themselves.

McKay also remarked that the recent bill granting the states right to offshore oil lands, was not taking something from the federal government but giving back to the states something that had been taken from them.

Pointing out that "there is no more land" he said the job now is a matter of conservation of land and water resources, saying he will campaign for more and more work and money for more irrigated land.

FBI Cleared To Probe $150,000 'Shakedown'

WASHINGTON (INS) — An informed source said Wednesday that the FBI has been given a clear field to investigate an alleged $150,000 "shakedown" of the Nicaraguan government by State Department personnel.

Meanwhile, the Central American country's ambassador in Washington, Guillermo Sevilla-Sacasa, labeled the report an "absurd calumny."

The matter was first reported this week by Sen. Joseph R. McCarthy (R-Wis), who said an unnamed friendly country was the victim of the alleged extortion committed by U. S. officials during the administration of former President Harry S. Truman.

McCarthy declined comment on the report that the country involved was Nicaragua.

Sacasa

But he said: "Our (Senate Investigations) Committee has been very careful not to name any country at all. The information is being turned over to the FBI at the State Department's request. I am sure the FBI will go into the matter."

Other informed sources said the department "decided to hand the matter over entirely to the FBI, considering the nature of the charges."

Sevilla-Sacasa made his statement to newsmen after discussing the matter with Robert Woodward, assistant secretary of state for Latin American affairs.

He said: "My government at no time has needed to spend any sum to obtain consideration from the American government."

The envoy said that neither he nor members of the embassy staff had been approached by McCarthy investigators but that he would be glad to talk to them.

He added: "It is necessary that we clarify this allegation which make we Nicaraguans appear to be participants in an imaginary extortion that never existed and authors of an imaginary bride . . .

"The absurd calumny to which I refer is regretted by my government and is disturbing to President (Anastasio) Somoza and equally to myself because the charge is against a chancery so respectable as the Department of State."

Polk County GOP May Block Post For Ex-Lincolnite

DES MOINES (AP)—Polk County Republican Chairman James Irish says as things now stand he will not "clear" Franklin G. Floete, prominent Des Moines man, for a federal appointment.

Floete, formerly of Lincoln and Chicago, also is a former owner of the Iowa Tractor and Implement Co. of Des Moines.

Reports from Washington say Secretary of Defense Charles Wilson is personally interested in obtaining appointments of Floete as one of six assistant secretaries of defense.

Irish said the Polk County GOP organization will "squawk" if Floete is appointed without "clearance."

Irish said he could not endorse Floete "without some further evidence of his political activity." He sai dno formal request for clearance has been received but "we've been asked about him in a general way."

DuTeau Bids Low On County Autos

Bids for a carry-all vehicle and a 1953 automobile were accepted from the DuTeau Chevrolet Co. by Lancaster County Commissioners. The vehicles will be used in the county engineer's office.

Both DuTeau bids were low bids submitted to the commissioners. They were $1,200 for the carry-all (plus a 1949-station wagon trade-in) and $925 for the automobile (with a 1949-automobile trade-in).

Why Do It the Hard Way?

It's quick, easy and thrifty with Sta-Flo . . . for Sta-Flo is *extra concentrated* and has bluing and ironing aid already IN it. Sta-Flo saves you money, makes clothes smoother, and, because of a new ingredient, whiter, brighter! Now, too, clothes with Sta-Flo iron much easier.

Sta-Flo is the same kind of starch used in textile mills to finish new fabrics. Sta-Flo penetrates fibres of fabrics yet washes out *completely*. That's how Sta-Flo gives clothes that new, softer look no synthetic starch can give.

Here's How You Get 2 Quarts Sta-Flo at No Cost

1 Buy two *quart* bottles* (not half-gallons) of Sta-Flo.
2 Send the labels from 2 *quart* bottles, with your name and address, stating the regular retail price you paid, to the A. E. Staley Mfg. Co., Dept. JO, Decatur, Illinois.
3 You will receive full refund on 2 *quart* bottles of Sta-Flo by mail.
4 Limit one offer to a customer.
5 *Letter containing labels must be postmarked* **no** *later than July 31, 1953.*

Appeal Made For Irrigation Water At Superior

Canal Is Closed By Seepage

SUPERIOR, Neb. — **(Lincoln Star Special)**—Farmers watching their crops dry up in a 600 to 800 acre area south of here are reportedly "up in arms" over the fact that they are receiving no water over the south canal of the Bostwick Irrigation project.

The south canal was put out of service last fall after extensive seepage was observed. The Bureau of Reclamation, which operates the irrigation project, informed farmers that they would be unable to irrigate from the canal this summer pending repair of the seepage.

But what has made the farmers so perturbed, according to one Superior man, is the fact that the canal has lain idle through the scorching summer months with no apparent effort made by the bureau to repair the seepage. During the weeks without water the corn has reached a critical stage in its need for more water.

Curtis' Help Sought

Spearheading the protests against the idle condition of the canal is the Superior Chamber of Commerce with Vernon McBroom, secretary. The group has requested the assistance of Congressman Carl Curtis who replied that the Bureau headquarters in Washington said the cost of changing its plans regarding the canal would cost from $30,000 to $40,000.

The Bureau also cited the possibility of damage claims against the government as a result of seepage, and the fact that the canal must be dried up when seepage repairs are made.

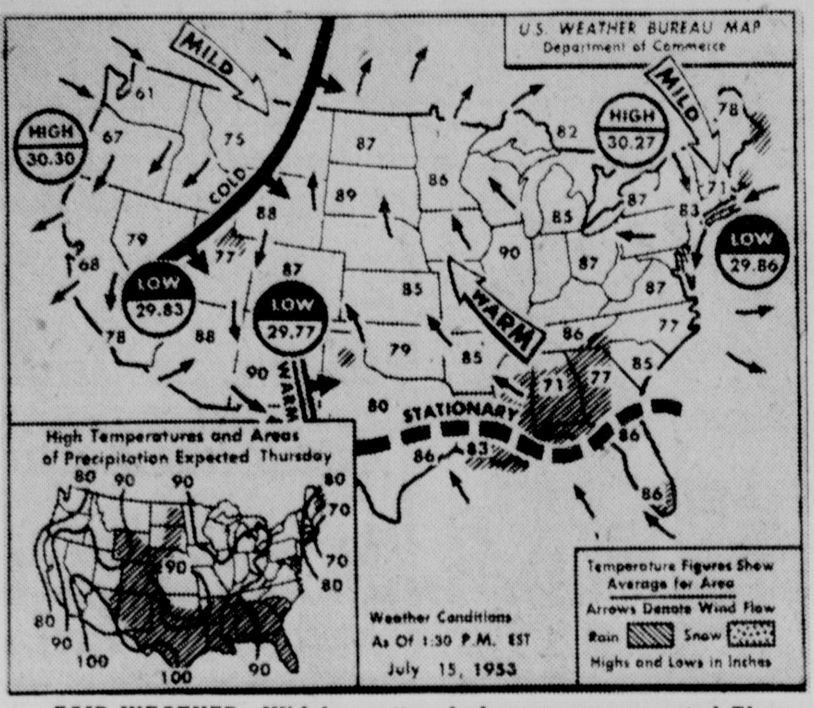
One of those protesting against action by the bureau pointed out that water is being run in the south canal as far as Guide Rock, about 12 miles from Superior.

All the farmers want, he added, is about a week of water which could mean the difference between a good crop and failure. He asserted that all the farmers affected by potential seepage are willing to sign waivers against damage claims.

An engineer at the Bureau of Reclamation headquarters in Superior said that the running of water in the south canal for at least part of its length is "being considered."

If the water is let into the dry section it will probably be for a period of one to two weeks. He said that a contract for repair of the seepage condition is expected to be let around the first of August.

The Bostwick project in the Superior area consists mainly of two canals, one north of the Republican River, and one south.



FAIR WEATHER—Widely scattered showers are expected Thursday from South Carolina west through the lower Mississippi Valley and Texas to eastern Arizona. Some rain is due in eastern Maine and scattered showers are predicted in the lower Ohio Valley. Scattered thundershowers are predicted for the central Rockies and the eastern Dakotas. The rest of the nation will have fair weather and it will continue warm in the mid-Atlantic states and turn warmer in New England, the southern Plains and the northwest Pacific region. Accident Kills Palmer Couple

ST. PAUL, Neb. (AP)—A Palmer, Neb., farm couple was killed in a highway collision as they returned from a movie and five other persons were injured.

The dead were Edward Francl, 65, and his wife, 62.

Injured were Alvin Hale, 41, Arcadia, Neb.; his wife, Dorothy, 34; and their daughters, Beverly, 16, Betty, 14, and Bonnie, 11.

Bonnie was critically injured but Beverly and Betty were released from the hospital after treatment. The parents were hospitalized but were not seriously hurt.

The sheriff's office, which investigated the accident, said it occurred at the junction of Highways 281 and 92 south of St. Paul.

The Hale family had been to Grand Island buying a wedding trousseau for Beverly, soon to be married.

Road Toll At 137

The accident was Howard County's first fatal accident in approximately a year. It brought the state's 1953 highway death toll to 137 compared with 160 at this time last year.

The Francl's son, Edwin, of Palmer was hospitalized a few hours earlier following a softball accident.

The Francl's survivors also include two daughters, Mrs. Louis Kowski of Omaha; and Mrs. Erma Nitzel of Grand Island.

Farmer Satisfactory

OMAHA (AP)—C. M. Keller, the Newport, Neb., farmer flown here after suffering serious injuries in a hay baler accident, was reported in satisfactory condition Wednesday. He required surgery and blood transfusions.

Weston Youngster Killed By Tractor

WAHOO, Neb. (AP)—Lyle Dale Havelka, 4, died in the Saunders County Hospital Wednesday about an hour after he had been run over by a tractor on his family's farm ½ mile southeast of Weston.

The boy was a son of Mr. and Mrs. Emil Havelka Jr.

Sheriff Joe Divis said Lyle was riding on the tractor with his father, who was cutting alfalfa. The lad fell off as the tractor made a turn and the vehicle ran over his body.

Surviving are his parents, two brothers and a sister.

Three Douglas Officials Will Be At Hearing

OMAHA (AP)—Douglas County officials will have their tax assessment problems reviewed by the state Board of Equalization in Lincoln Saturday morning.

Those planning to appear include Frank C. Best, county board chairman; Lewis C. Sholes, tax appraisal board chairman, and County Assessor Joe Stolinski.

After weeks of wrestling with the problem, the Douglas County Board of equalization decided to attempt to comply with the new assessment law. It planned to return all real estate valuations to the 1952 level and make increases in valuations ranging up to 20 per cent in certain precincts.

County officials have promised a court fight if any attempt is made by the state board to make blanket increases.

Bail Ordered In Kuykendall Murder Case

OMAHA (AP)—Bail was set at $25,000 Wednesday for Joseph Kuykendall, Arizona horseman, charged with first degree murder in the death of his heiress wife here June 18.

District Judge Carroll O. Stauffer established the amount following hearing on a defense petition asking that the 34-year-old Kuykendall be admitted to bail.

Defense Attorney Eugene O'Sullivan indicated after the hearing that bail would not be posted immediately.

Douglas County Attorney Eugene G. Fitzgerald agreed at the hearing that bail would be permissible in the case, but asked the judge to set a "subtantial" amount to assure Kuykendall's appearance for trial.

Kuykendall was charged after his wife, Ardath, 30, was found dying in their luxurious trailer house at the outskirts of Omaha. Since his arrest, the husky, part-Indian has been held in the county jail.

At a preliminary hearing June 26, acting County Judge Edward Garvey bound Kuykendall over for District Court trial at the fall term, and refused to set bail.

Family Auto Is Said Good A-Bomb Shelter

WASHINGTON (AP) — Almost every American family has in effect an atomic bomb shelter, according to the atomic energy commission.

Writing in his Washington column, Rep. Curtis (R-Neb) said the commission reported that automobiles subjected to recent atomic tests were declared "good shelters" beyond the major damage radius of an atomic burst, and useful as vehicles after the blast.

Officials Ready $25,000 Stadium

TRENTON, Neb. (INS)—Trenton Legionnaires readied the town's new 25 thousand dollar stadium Wednesday for the annual Trenton Pow Wow, scheduled this year for July 31-Aug. 2.

The new concrete structure was built to replace a wooden stadium destroyed by fire last year, just five days before the scheduled start of the Pow Wow.

This year's event will mark the 80th anniversary of the Massacre Canyon Indian battle which the Pow Wow commemorates.

The Legion-sponsored celebration will include a performance by Indians from the Rosebud Reservation, baseball games, fireworks, micro-midget auto races and nightly dances.

PMA Readies Machinery To Apply Wheat Quotas

Aug. 14 Set For Voting By Farmers

Production-Marketing Administration officials for Nebraska, expecting momentary announcement of the wheat-acreage quota for the state from Washington, continued to oil administrative machinery for quick application of quotas on county and producer levels.

Agriculture Secretary Ezra Benson declared Wednesday a national allotment of 62 million acres on the 1954 wheat crop and fixed Aug. 14 as the date for a nationwide referendum to determine whether farmers will accept wheat marketing quotas.

The Congress-set cutback to 62 million acres will be a decline from this year's ttotal of 78,800,000 wheat acres. Under previous law the national minimum was 55 million acres.

State Reduction

The 20 per cent across-the-board cut applied to Nebraska's current planting of 4,424,000 wheat acres would reduce the state's 1954 crop to 3,539,000 acres.

A local PMA official estimated the average for the 10 preceding years would approximate the 1953 acreage in the state.

Federal Crop Statistician A. E. Anderson said this possible cut would represent nearly one-half million less acres than the state 10-year average of 3,970,000 acres for 1941-50.

However, subsequent years would probably adjust the average upward on a preceeding 10-year level which has been indicated as the basis for state allotments with adjustments for abnormal weather and acreage trends by Washington.

Meanwhile, a local PMA spokesman declined specific figures on a county average as worthless until the state quota is announced by Washington, but commented:

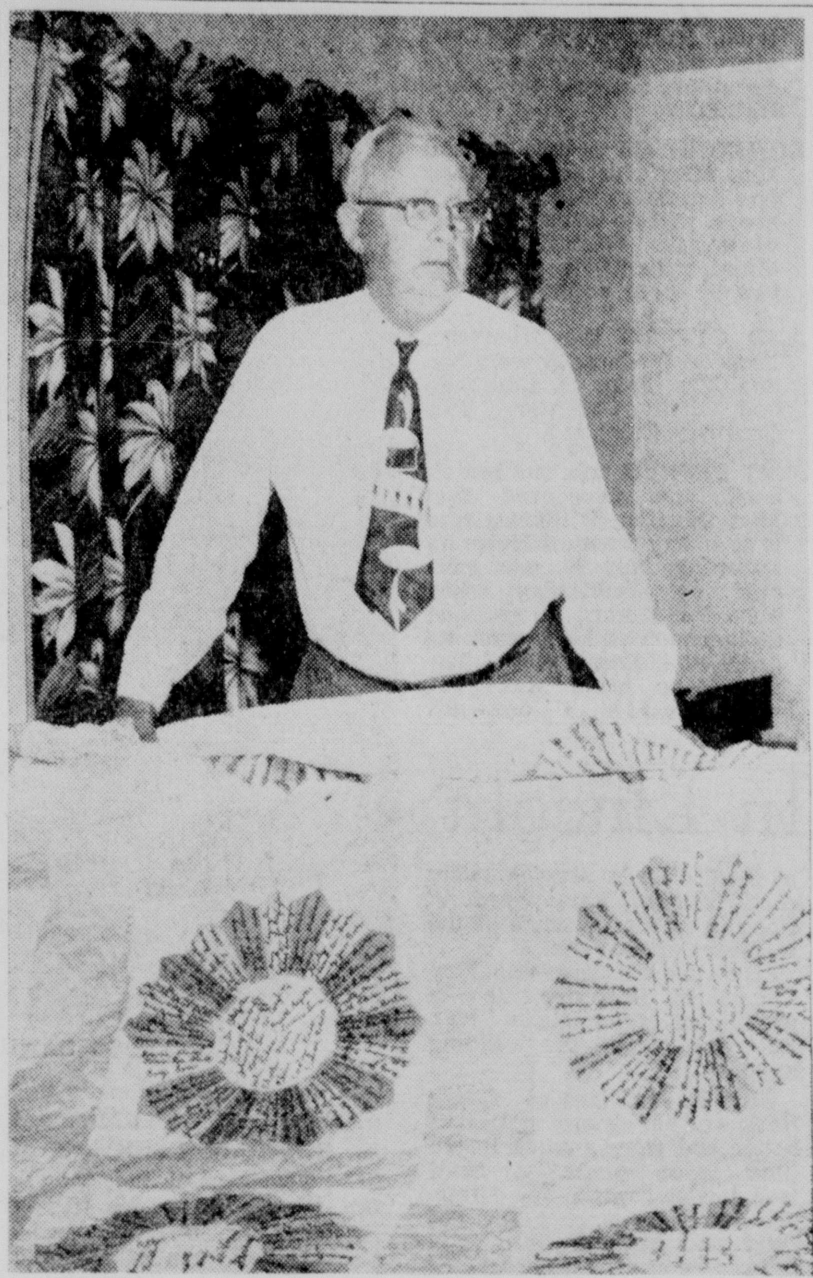
1. Counties with acreage declines during the 10-year period will not take as severe a cut as those counties where where wheat-acres have been increasing in recent years.
2. County allotments can be determined in one day following receipt of the official state quota.
3. While two-year histories on individual acreage will be used for producer allotments, such things as crop rotation practices, tillable acres and soil types will also be considered.

Tied-in with the acreage allotments is the producer referendum on rigid marketing quotas set by Secretary Benson. If producers reject quotas they will be eligible for price supports on the 1954 wheat totalling only 50 per cent of parity whereas the present level is 90 per cent of parity.

Farms with more than 15 acres planted to wheat and with a total annual production of more than 200 bushels will be eligible to vote in the referendum.

Farmers who co-operate with acreage allotments may market all the wheat grown on alloted acres. Those who fail to co-operate will be subject to a penalty of 45 per cent of wheat parity price as of May 1, 1954, on their farm marketing excess.

An estimated 850,000 farms will be eligible to vote on wheat quotas. The last time allotments were imposed was in 1950, when there were 2,025,000 individual farms and 972,000 farms were eligible for the referendum.



QUILT TO THE DOCTOR—Through the efforts of the Episcopal Guild in Callaway, a gift of appreciation was given to Dr. R. D. Bryson, physician in Callaway since 1912. After months of fine needlework, the doctor was given a quilt with approximately 1,000 names of the children he had delivered embroidered on the pink and blue flowers in the quilt. The doctor is shown above with his gift. (Photo Special to The Star.)

Polio Rate Remains Down In Douglas Co.

OMAHA (AP)—Douglas County was in its fifth week without a new case of polio Wednesday. The previous case, the third for the year, was reported June 16.

One year ago this week, the polio rate took a large jump with nine new cases recorded to bring the total at that time to 20. The figure excludes cases brought to Omaha from outside the county for treatment.

11-Year-Old Girl Undergoes Her 13th Operation

OVERTON, Neb. **(Lincoln Star Special)**—Little Annette Henderson, 11, the daughter of Mr. and Mrs. Curtis Henderson of Overton, has returned home after undergoing her 13th operation at the Mayo Clinic in Rochester, Minn.

Annette was severely burned when she placed a live electric light plug in her mouth. She was a little over three years of age when the accident happened.

Described as "patient and cooperative," Annette has undergone a series of skin grafting and plastic surgery operations.

At the present time, she is wearing splints on both her upper and lower jaws.

On Sept. 1, she will return to the Mayo Clinic for possible plastic surgery on her lips.

Neighbors Is Appointed To Brownell Staff

WASHINGTON (AP)—Attorney General Brownell Wednesday named Thomas J. Neighbors of Scottsbluff, Neb., as a special assistant to the attorney general.

Neighbors will handle the federal government's interest in a pending case of Arizona against California in the United States Supreme Court in the Colorado River water dispute.

Brownell also said he has located the missing minutes of the Colorado River Commission and will make them available to both sides. They had been missing for more than 20 years.

The Justice Department declined comment on the significance of the documents in pending litigation to determine water rights of California and Arizona in the Colorado River.

New Safe ALL-IN-ONE Capsule Discovery for
Easy Reducing!
SCIENCE NOW HELPS YOU
TAKE OFF YOUR FAT WHILE YOU EAT
THE FOODS YOU CHOOSE

Do you like sweets, candy, cake and are you a real glutton when it comes to butter, gravy, potatoes? Have you tried one thing after another to reduce, spent dollar after dollar for pills and tablets and in spite of everything you've tried you're still too fat? Well, be as skeptical as you like, but NOW, right NOW, there's a wonderful new kind of capsule that helps you take off pounds and inches of ugly fat safely, quickly and so much easier you hardly know what's happening. You don't suffer starvation dieting hunger, you take no drugs, you don't exercise. In fact, you don't even diet one bit more than you want to, because you automatically eat less and here's why . . .

COUNTERACTS HUNGER

Just recently a well known scientist perfected a new tiny capsule that combines not one but ALL THE RECOGNIZED proven aids to reducing he found in all the advertised products offered today. It contains the concentrated proteins you've read and heard about. It combines the vitamins and minerals often lost when cutting off fattening foods containing these needed vitamins and minerals. It combines the vegetable cellulose that has no calories yet expands when it absorbs water thereby helping to give the feeling of a full contented stomach. Yet these tiny new capsules contain not just one but ALL the drugless reducing aids he found to be needed to actually automatically make you eat less without conscious effort and like it! In fact these tiny capsules are so packed with vitamins and minerals, protein and non-caloric filling food, they actually equal and exceed many a meal.

2.98 for 80 capsules

FAT GOES FAST

You'll be surprised at the fat you lose the first week, the inches that disappear the first month. No hunger, no strict dieting, no drugs, no exercise. And the cost is absolutely nothing unless you grow slim, more youthful looking, more active and enjoy better health.

WOMAN LOSES 70 POUNDS!
"Thanks to your plan I lost 70 pounds and I honestly feel lots better. You can really lose weight with them."
Mrs. A. L. C., St. Paul, Minnesota

"ATE ANYTHING I WANTED"
"I lost 7 pounds quickly and I ate anything I wanted. In only a few weeks I went from 204 pounds to 190. I think they are grand and they really do what they claim to do. You can actually eat anything and not be hungry."
Mrs. D. M., Pine Bluff, Arkansas

REDUCING PLAN CERTAINLY IS EASY
"I have enjoyed your Reducing Plan, and it certainly is easy. I have gone from a size 18 to a size 14, and my husband thinks I look like the girl he first married."
Mrs. D. R., Black River, N. Y.

CAN NOW WEAR ATTRACTIVE CLOTHES
"I have lost 24 pounds and I am feeling fine. I feel so much better and can wear the attractive clothes I have wanted to for so long."
Mrs. E. W., West Terre Haute, Ind.

Bride On Thursday

MISS RUTH ANNE HOFFMEISTER, whose marriage to Louis A. Piva of Oshkosh will be solemnized Thursday morning, July 16, at Imperial.

Lavender asters and white gladioli will appoint the altar and chancel of St. Patrick's Catholic Church at Imperial for the marriage of Miss Ruth Anne Hoffmeister, daughter of Mr. and Mrs. Max Hoffmeister of Imperial ,and Louis A. Piva, son of Mr. and Mrs. Paul Piva of Oshkosh, which will take place Thursday morning, July 16. The 10 o'clock ceremony and nuptial mass will be solemnized by Msgr. Henry S. Haukap in the presence of members of the family and a small group of friends.

The wedding music will be played by Miss Patricia Gleason, organist, who also will accompany the church choir during the service.

Attending her sister as matron of honor will be Mrs. Mary Hillberry of Denver, Colo., who will wear a strapless frock fashioned with a silk faille bodice and full net skirt in the lavender shade, accented by a fitted faille jacket. She will carry a fan of lavender net clustered with yellow roses and will complete her ensemble with a half hat of the net and roses.

For her wedding, Miss Hoffmeister has chosen a gown of white Chantilly-type lace over satin. Seed pearls and sequins pattern the rounded collar of the fitted, long-sleeved jacket which covers the strapless bodice and the circular skirt flares into extreme width at the hemline. A cap of lace traced with pearls will hold her veil of silk illusion, and she will carry a fan-shaped arrangement of white roses and stephanotis.

Serving as best man will be John Piva of Oshkosh, and the ushers will be La Vern Ostendorf of Gothenburg, and Max Hoffmeister Jr., of Imperial.

Tall lavender tapers and nosegays of lavender asters will center the tables for the wedding breakfast to be held in the parlors of the church immediately following the ceremony.

For their wedding trip to the Ozarks, after which the couple will reside at Kimball, Miss Hoffmeister will wear a white yellow print frock with a yellow linen jacket and navy accessories.

Both Miss Hoffmeister and Mr. Piva are former students at the University of Nebraska, where the bride-to-be is a member of Alpha Xi Delta sorority and Phi Upsilon Omicron.

July Is In A Hurry

IT SEEMS TO us that July is in a terrific hurry to sign out for the year 1953—The days are being tossed aside with such rapidity that autumn will be here before we know it—Perhaps it is just as well, judging from the story a certain young Lincoln matron tells of putting the butter in the hot oven, and the casserole in the refrigerator—She didn't discover the mistake until the butter had melted completely and was bubbing all over the oven—She is sure that it was one of Nebraska's typical summer days that caused the mistake—However, we don't agree with a California friend who says there is only one thing worse than summer in Nebraska—that's winter—and that the only thing worse than winter in Nebraska is March—We like Nebraska.

* * *

BUT RETURNING to the matter of autumn for a moment —Understand that some of the young feminines around town already have made school plans — Miss Nancy Aitken will go to Wellesley, as did her mother, Mrs. William Aitken, and her sisters, Mrs. J. Taylor Greer and Mrs. Raymond C. L. Greer, jr.

Miss Mary Lou Calhoun will be off and away to the west coast,—Palo Alto, Cal., and Leland Stanford university, to be specific, at the first hint of autumn — We think you might be interested to learn, also, that from Leland Stanford to Miss Calhoun came a parchment certificate announcing that she was entering Stanford with highest scholastic honors—

Miss Carolyn Schimmel, we learned, is to be a freshman at Bradford junior college, Bradford, Mass., and we think we've already mentioned that Miss Jo Ann Junge, daughter of Mr. and Mrs. Emmett Junge, and Miss Gretchen Teal, daughter of Dr. and Mrs. Fritz Teal, will enter Monticello junior college in September.

* * *

TWO YOUNG ladies on last year's away-to-school list, Miss Daisy DuTeau and Miss Jean Aitken, will be freshmen at the University of Nebraska this year—Miss Aitken was graduated from Emma Willard school, Troy, N.Y., in June, and Miss DuTeau completed her senior year at Mt. Vernon, Washington D.C.

* * *

BUT RETURNING to Mt Vernon in September to begin her junior year will be Miss Sharon Sidles, daughter of Mr. and Mrs. Fred S. Sidles.

* * *

ENOUGH OF the future and back to the present — and a bride-to-be, Miss Carmean Boyer, whose marriage to James Thomas will be solemnized on August 22. Complimenting Miss Boyer on Wednesday evening was Miss Barbara Stephens who invited a guest eightsome for a 7 o'clock dessert supper and linen shower, at the University club.

* * *

HEARD THAT some guests arrived from Miami, Fla., on Tuesday— They were Mr.. and Mrs. J. R. Turpin Jr., who planed in for a visit with Mrs. Turpin's mother, Mrs. James T. Googe and Dr. Googe.

On Tuesday evening Dr. and Mrs. Googe entertained at dinner at the Italian Village when their guest list included Mr. and Mrs. George Eager, Mrs. Jessica Epstone, Mr. and Mrs. L. M. Hancock, Mr. and Mrs. Lester Jensen, Dr. and Mrs. Horace Munger and Mr. and Mrs. E. J. Thompson.

* * *

THE GRAPEVINE has it that Sam Waugh will be arriving in Lincoln on Saturday for a brief stay— Mr. Waugh, as you know, is an assistant secretary of state, and recently moved to Washington, D.C.

* * *

VISITED A moment with Mrs. O. W. Everett who has just returned from a holiday in Estes Park—but who already is packing her bag and will be on her way soon to Ottawa, Kan., where she will visit her son-in-law and daughter, Mr. and Mrs. Milo Hewitt.

* * *

SOMEONE told us that Mr. and Mrs. Martin Aitken and their two daughters, Ann and Elizabeth, will be leaving on Saturday for Whitefish Lake, Minn., where they will spend two or three weeks—

* * *

AND OFF TO the Minnesota lakes on Wednesday were Mr. and Mrs. John D. Campbell and their daughter, Miss Courtney Campbell.

* * *

JUST PEERED into our bride's book and discovered that Miss Marilyn Williams, who is to marry Richard Holze on Saturday, July 25, was honored on Wednesday when Miss Pat Alvord entertained at luncheon and a swimming party at Hillcrest Club. The soon-to-be bride was presented with a one-gift shower.

Wedding Solemnized

MRS. ROBERT SCHELL

Miss Ruth Ann Wilson, daughter of Mr. and Mrs. Eugene Byron Wilson, became the bride of Robert Lee Schell, son of Branson Schell, at a ceremony which was solemnized Wednesday evening, July 15. Clusters of white cathedral candles and arrangements of pink gladioli and white Majestic daisies appointed the chancel of Trinity Methodist Church for the 8 o'clock service, and the pews of the processional aisle were marked by bows of white satin.

The Rev. Vance D. Rogers read the lines of the ceremony, preceding which Miss Janice Wagner sang "Because," and "The Lord's Prayer." She was accompanied by Charles W. Tritt, organist, who also played the wedding music.

The maid of honor, Miss Donna Jean Wilkinson, and the bridesmaids, Miss Joan Crystal Wilson and Miss Margaret Louise Wilson, sisters of the bride, wore identical full-skirted frocks of pink nylon over taffeta. Shoulder stoles of net veiled the strapless bodices, which were embroidered with seed pearls and rhinestones, and coronets of pink satin held their tiny brow veils of net. They carried Empire bouquets of white and pink Marguerite daisies. Lighting the candles were Miss Sally Mulcaster, cousin of the bride, and Miss Patricia Hedglin, wearing white satin choir robes.

The bride appeared in a waltz-length gown of white nylon organdy over taffeta. A deep bodice flounce of the organdy framed the sleeveless yoke of illusion, and beneath the fitted midriff, the skirt of embroidered organdy flared into fullness. Shirred net edged with seed pearls fashioned the tiara which held her illusion veil, and she carried a white Bible showered with white glamelias and stephanotis.

Ronald Krieger served Mr. Schell as best man, and seating the guests were Orval Koch, Everett Smith and Harlan Lesoing.

Immediately following the ceremony, a reception was held in the parlors of the church, after which the couple left for Philadelphia, Pa., where the bridegroom is stationed with the Navy.

For traveling, Mrs. Schell wore a pastel-toned summer suit with white accessories.

Ceremony In Lincoln

On Sunday afternoon, July 12, the marriage of Miss Lillian Mae Zednick, daughter of Mr. and Mrs. Frank A. Zednick of Wilber, and Wayne F. Barnett, son of Mrs. Hazel Barnett of Greybull, Wyo., was solmnized at the Second Presbyterian Church in Lincoln. The lines of the 2 o'clock service were read by the Rev. Ward R. Conklin in the presence of the members of the family.

Preceding the ceremony, Mrs. Charles M. Rost presented a prelude of organ music. Mrs. Rost also played the wedding music.

Mrs. P. H. Hines of Guide Rock was her sister's matron of honor and wore a frock in the lime green shade. A brief lace jacket covered the strapless lace bodice, and the net skirt was gathered into fullness. She carried a nosegay of white carnations. Wearing similar frocks of net accented by shoulder stoles were the bridesmaids, Miss Darlene Sebek of Wilber, in aqua, and Miss Darlene Genrich of Beatrice, in pale blue, who carried bouquets of carnations in pastel shades.

The bride appeared in a gown of white lace and nylon net. A softly draped collar framed the sheer yoke of the bodice, which was designed with long fitted sleeves, and the full, lace-trimmed skirt ended in a train. A cap of lace and net ornamented with pearlized orange blossoms held her illusion veil, which was edged with lace, and she carried a bouquet of white gladioli florets.

Serving as best man was P. H. Hines of Guide Rock, who also lighted the chancel candles.

A reception for forty guests was held in the Zephyr room of the Capital hotel, after which the couple left for a trip to Colorado and the Teton Mountains in Wyoming. For traveling, Mrs. Barnett wore a pink linen frock with white accessories.

Mr. and Mrs. Barnett will live at Greybull where the bride has been a member of the public schools faculty. She is a former student at Peru State Teachers College.

Rep. Condon Called On To Face Full Committee Probe

WASHINGTON (INS)—House Majority Leader Charles A. Halleck (R-Ind), called on Rep. Robert Condon (D-Calif), to face a full congressional committee probe and answer charges he is a "security risk."

Condon was barred from Atomic Energy Commission tests in Nevada last May on the basis of information supplied the AEC by the FBI.

The Californian, in a House speech Tuesday, declared the charges were "warmed over" political attacks made during the 1952 election campaign and said the same charges would be repeated next year.

Halleck, interviewed on the ABC radio network program, "Crossfire," declared the entire matter should be "aired completely," and insisted he was not speaking from a partisan angle.

Halleck added:

"The basic question is whether a member of Congress should be asked by an executive agency to provide proof he is not a security risk. The joint Atomic Energy Committee is investigating to determine if the AEC acted properly in excluding Mr. Condon."

"Perfectly Proper"

Halleck added that he was sure the FBI had built up a reputation of fairness and that the only question involved was whether the AEC had properly evaluated the information supplied. He said it was "perfectly proper" that Congressmen be investigated on security grounds.

Condon declined comment until he had read Halleck's comments. The Californian also refused to comment on his refusal to yield the floor Tuesday to Rep. Kenneth B. Keating (R-NY).

Condon, granted an hour for his floor speech, used only 20 minutes and then walked out of the House chamber without permitting Keating to make any inquiries.

The New Yorker said he had merely wanted to ask Condon if he believed there should be a House investigation of the matter.

Meanwhile, Condon had apparently failed to reply to the House-Senate Atomic Committee's offer to hear him at any time in open or executive session.

To National Convention

Mr. and Mrs. Russell L. Ryne of 3932 Apple will attend the national convention of the Woodmen of the World Life Insurance Society next week in Washington, D.C.

Highlight of the five-day program will be the dedication of a bronze memorial plaque to the late President William Howard Taft at the former Taft home in Washington.

Mrs. Ryne will be among the Woodmen wives who will visit the White House.

School Kids' Benefit Topic Of Conference

How parents and teachers can work together for the benefit of school children is the subject for a conference at 1:30 p.m. Thursday on the University of Nebraska campus.

Sievers

Frank L. Sievers of the U. S. Office of Education, Washington, D.C., will be the principal speaker.

Following his address, Sievers, former secondary education supervisor of the Nebraska Department of Public Instruction, will participate in a panel discussion with Mrs. P. S. Carter, Omaha, first vice president of the Nebraska Congress of Parents and Teachers; Mrs. Helen Steele, co-ordinator of elementary education at Battle Creek, Mich., and Mrs. Mildred Weigley Wood, co-ordinator, family life education, Phoenix, Ariz., high schools.

Dr. Calvin H. Reed, assistant professor of elementary education at the University of Nebraska, will serve as chairman.

Omaha Hospital Gets Lincoln Man As Personnel Head

Richard C. Knowlton of 260 So. 27th will succeed Wilfred E. Stonebraker as personnel director for the Omaha Veterans Hospital assuming his duties on Aug. 3.

Stonebraker has been named assistant manager of the Iron Mountain, Mich., Veterans Hospital.

Personnel director for the Lincoln hospital for the last two years, Knowlton previously was employed by the Veterans Administration in Des Moines, Ia.

Knowlton is an Iowa native.

Children Speak German Better Than Parents As Family Returns To U.S.

After spending four years in Germany, a former Lincolnite returned home this week with a favorable impression of the German people and his three children who, he says, speak the foreign language better than he does.

Col. and Mrs. Norman Bykerk and their children are visiting at the homes of their parents, Mr. and Mrs. C. Bykerk and Mr. and Mrs. T. E. Thomas, before leaving for Fort Leavenworth, Kan., where he has been assigned as an instructor in the command and general staff school.

The youngest children, Lynne Carol, nearly 7, and Mary Johanna, 3, have picked up German especially well, according to Col. Bykerk, who was stationed recently at Frankfort and earlier at Bamberg and Heidelberg. And the Bykerk's son, Norman Wendall, 11½, also can legitimately claim a head start on the German language over his American classmates.

Col. Bykerk was in charge of the plans division of the U. S. European Command at the latter stations. Previously, he was with the First Division as a battalion commander.

While on the continent, the Bykerks traveled extensively in Germany as well as Italy, France, Austria, Holland, Switzerland, Denmark, Spain and Berlin and Vienna.

The officer describes Germany as "very scenic" and the German people as "very kindly."

As for the cost of living in Germany Col. Bykerk says low prices in one field are counterbalanced by high ones in another—making the level comparable to other nations.

The subject of German unification—which Col. Bykerk describes as important, politically speaking, probably is not foremost on the minds of the average man, he observes.

The colonel says he has had no contact with reported neo-fascist movements and comments that such actions are on a very limited scale.

Development Of Oak Creek Is Explained

Proposed roadways, parking areas and grading for the Oak Creek development project were explained Monday night at a meeting of the Chamber of Commerce Women's Division park development committee and representatives of various civic recreational organizations.

Sidney Artt of Harold Hoskins and Associates, City Park Superintendent James Ager and Paul Watt were in charge of the discussion. Dates for bidding on grading will be scheduled soon, the group decided.

Announcement was made of a $100 donation by Arnott Folsom in memory of his mother, Mrs. Ena Folsom. The Better Fishing Association has contributed $300 for use in outlining roadways.

Among the immediate projects listed by the committee, headed by Jeane Shankland, are: Hauling and spreading of fertilizer preparatory to fall planting and improvement of rest room facilities.

Other tentative projects include: installation of water, paths and benches, boat docks, a casting wall, improved lighting, a children's playground and a caretaker's house or lodge.

Experiments are being conducted to determine if lake water can be used successfully for watering plant life.

Bad Check Artist Has Happy Time During Week End

Lincoln businessmen took a severe financial beating the past week end as a lone check artist cajoled his way through $400 or more in phony checks.

A total of 13 business houses in town accomodated the no-fund artist who is known to have a nation-wide reputation for his artistry in cashing checks with no funds to back them up. The majority of the checks written ranged in amount from $6 to $30, each written in a different store.

Det. Carl Wise, in charge of the bad check department, said the bad check writer has been identified as part of a national circuit and had just come out of Wichita, Kan., where he had made a killing similar to the one he pulled off in Lincoln.

Water Law Violators Will Not Be Tried

The police department has reported 12 water ordinance violations to the city legal department from July 7 to July 11.

Mayor Clark Jeary said the violations have been investigated and no prosecutions will be made. All violators, he said, have been warned and have promised compliance with regulations.

One violation, Jeary said, was discovered to be watering of new sod which is permitted. There was, he said, excessive use of water, however, in that case.

The other 11 cases, the mayor said, involved persons watering lawns on the wrong days.

Water restrictions allow persons living on even numbered sides of the street to water lawns and gardens on Monday, Wednesday, Friday and Sunday. Persons on add numbered sides of the street may water on Tuesday, Thursday, Saturday and Sunday.

East Germans Ask All-Nation Election Meet

BERLIN (INS) — East Germany proposed Wednesday night a conference with West German representatives to lay the groundwork for all-German elections but Allied sources termed the bid old stuff.

The new Red offer followed announcement that Max Fechner, minister of justice in the Russian zone, has been dismissed for "activities hostile to the state" and replaced by Mrs. Hilde Benjamin, vice president of the Red zone supreme court.

The election bid was announced by the East German news agency ADN. ADN published a communique by the East German council of ministers urging the representatives of the eastern and western zones to meet to prepare Germany-wide elections.

The communique was published within a few hours after the Western big three powers issued a new invitation to Russia to join in a four-power conference in September to discuss East-West problems, including German unification. West Germany is holding its own elections in September.

The communique said the East German government was ready to discuss German unity and an all-German peace treaty under the motto of "Germans at one table."

It quoted East German premiter Otto Grotewohl as denouncing the American food offer to East Germany as a "cheap propaganda trick . . . designed to achieve what the U. S. failed to do when it instigated the riots" in East Berlin last month.

Allied sources in Berlin dismissed the election bid as old propaganda and predicted the West would stand on its own proposal for free German elections under United Nations auspices.

The communique attacked West German Chancellor Konrad Adenauer, stating:

"If Adenauer and his clique continue to split Germany, then the German people will find ways to unity without Adenauer or despite Adenauer."

Mail For Servicemen Lost When Ship Sinks

WASHINGTON (AP) — The Army reported Wednesday that 61 pouches of first class mail and 4,513 sacks of parcels addressed to servicemen in Korea were lost when the SS Jacob Luckenbach sank.

A postal official said the mail was posted in various parts of the U. S. between July 3 and 12.

The Luckenbach went down in the Pacific off San Francisco after a collision with the SS Hawaiian Pilot.

Lincoln Post Office Studying Needs For Longer Hours, Later Collections

The Lincoln Post Office has under study the possible need for extending window service hours and for making later mail collection as part of improved mail service suggested to begin Monday for Lincoln and 182 major cities.

Postmaster O. E. Jerner said Wednesday he had been notified "to make an analysis" of present service to determine whether the change is needed.

He said any changes found needed would be in effect next Monday and indicated determination would be made before the week's end.

Postmaster General Arthur Summerfield has told press services that local officials would devise their own changes, sending them in for approval by the national department.

Summerfield said windows could be kept open a half-hour longer and mail collections will be made as much as two and one-half hours later, but that there will be variations in some cities.

The Lincoln Post Office now keeps parcel post, general delivery, stamp and inquiry windows open until 6 p.m. with latest mail collections in business districts at 8 p.m. and 6 p.m. in residential areas.

Moving with greater dispatch, Omaha Postmaster John Hopkins announced "on an experimental basis" for one week starting Monday these improvements:

A night window open until 9 p.m. daily at the downtown post office for handling all types of business.

A late mail collection with pickups daily at important intersections and stations between 8 and 9 p.m.

Hopkins said he will report to Washington on whether the increase in business volume resulting from service expansion is sufficient to justify continuance.

Gustavson Steps Down As U Of N Head

Agricultural research and plans for development of a medical center at Omaha were cited as the outstanding accomplishments of the University of Nebraska by Dr. R. G. Gustavson as he stepped down from his post as chancellor Wednesday.

Dr. Gustavson turned over his administrative responsibilities to Acting Chancellor John K. Selleck and assumed his new post as president of Resources for the Future Inc.

Reflecting on programs conducted during his seven-year term as chancellor, Dr. Gustavson said the College of Agriculture has developed a program to help meet agricultural problems of the state.

The University now has a fine set-up, he said, for research in dairying, animal breeding and nutrition, plant pathology and radiation genetics.

The economy of Nebraska as a whole has been on a high level during the last seven years, the retiring chancellor said, making many developments possible at the University.

Dr. Gustavson gave himself no credit for the university's progress. No chancellor, he said, ever gets out of the "economic sideboards" of the state. He said he was fortunate to have served during good years.

The people of Nebraska, he said, have an unusually deep interest in higher education.

Dr. Gustavson will leave about Aug. 1 for Washington, D. C., to assume his new post with Resources for the Future, Inc., sponsored by the Ford Foundation. He will remain in Washington until Dec. 15 with his primary task that of planning a national conservation conference Dec. 2 to 4.

Small Dam Value

The home of the new resource association has yet to be decided, he said. In all probability, he said, it will be in one of the larger midwestern cities closely connected with areas in which conservation problems are found.

Nebraska is an area in which much conservation research could be done, he said. He said that was one of the primary reasons he wished to have Otto Liebers on the foundation's board of directors.

One Nebraska problem to which the foundation might direct its attention, he said, is the value of small dams in controlling floods.

Dr. Gustavson, ending a 36-year career with academic institutions, said higher education is now going through a critical phase.

State-supported institutions are growing so tremendously in size and responsibility, he said, that they are in danger of becoming "conveyor belt" systems of education. Meanwhile, he said, private institutions are in danger of losing support and dropping out of the picture.

Institutions of higher learning, he said, also are faced with the problem of a student's emotional stability and ethical development as well as his intellectual achievement.

"It doesn't do much good to produce a scholar," he said, "if he cracks up after he leaves school."

A student should be trained in the day-by-day solution of problems throughout his academic training, he said.

Dr. Gustavson said his tenure at Nebraska has been "seven of the most happy years" of his life. The marvelous relationship which has existed between the peoples of Nebraska and the institution which he represented, he said, has been an unforgettable experience.

Acting Chancellor Selleck, accepting his new responsibilities, said it was his aim "to carry on the work of the University on the same high plane as maintained under Dr. Gustavson's administration until permanent appointment of a chancellor can be made."

Keya Paha County's Former Assessor Jackson Is Lauded

The late Oscar Jackson of Keya Paha County was praised Wednesday for having done "an extremely complete and conscientious" assessing job.

Keya Paha officials told the State Board of Equalization of the work which Jackson had done before his unexpected death May 22. He had been in office 18 years at the time of his death.

Keya Paha County Attorney T. G. Weddel of Springview said that Jackson had multiplied last year's real estate assessment figures by 3.5 and then divided the results by two in order to arrive at the 50 per cent assessment level prescribed by LB272, passed by the 1953 Legislature.

75 Per Cent

Weddel explained that this left Keya Paha County real estate assessments at 75 per cent above last year's valuation. He said that Jackson was equally conscientious in his assessment of personal property and merchants stock.

"He had lots of arguments with his people," Weddel commented. But he said that when Jackson "walked through their stores day after day" he knew what they had.

Asked by Gov. Robert Crosby how Jackson handled his assessment of household goods, Weddel recalled that three or four years ago Jackson had asked every householder in the county to furnish him with a "list of every stick of furniture they had in the house."

Pat From Crosby

In succeeding years, he would pull these lists out of his file and ask if the family had sold anything or bought anything since the list was made out, Weddel explained.

"If there was a ring on your finger or a wrist watch that hadn't been turned in, he saw it," Weddel said.

When the Keya Paha County officials had finished their report to the state board of equalization, Gov. Crosby commented: "Keye Paha County has done an extremely complete and conscientious job in compliance with the law and I compliment you."

Nebraskan Presides As National Monument To Carver Is Dedicated

DIAMOND, Mo. (AP) — A Nebraskan played a part in the dedication of a national monument to George Washington Carver, Negro scientist.

He is Howard W. Baker of Omaha, regional director of the National Park Service.

Baker presided at the unveiling of a bronze bust of Carver, four times life size, and a plaque set in stone, commemorating Carver's life.

Secretary of Interor McKay described the monument to Carver as a demonstration that there "must be no second class citizens in this nation."

The country's first such tribute to a Negro, he said, "should be a striking object lesson to those at home and abroad who in their reckless desire to destroy liberty, preach racial hatred and encourage discrimination."

Hiring Reduces Jobless Pay To 1,097

The state employment service reported Wednesday June job placements exceeded the June, 1952 figure by 11 per cent.

The gain over the May figure was 22 per cent.

The department placed 8,073 workers through its employment offices last month.

Unfilled jobs at the end of the month totaled 1,657, below the number a year ago by 21 per cent.

Over 2,000 of the workers placed last month are employed on farms.

The strong hiring activity during the month reduced the number of persons receiving unemployment insurance from 1,665 on June 1 to 1,097 on July 1.

The supply of harvest workers and equipment is "more than adequate" because of poor wheat crop conditions in Kansas and other wheat states, the report continued.

About 2,500 beet field workers imported into western Nebraska were being routed to other states as the spring beet field cultivation work in the state reached completion.

Conditions by areas:

Alliance — Itinerant and school vacation workers swell local office traffic. Haying harvest late this year. Trade and construction jobs led in placements.

Beatrice—Labor supply about even with May's, but lower than year ago. Demand normal. Women service workers in demand.

Fremont—Number of unemployed men low. Manufacturing, trade and agriculture high in labor demand.

Grand Island—Employment conditions improved, with increased demand at ordnance plant, and in other business.

Hastings—Labor demand up nearly one-third. Chief gains in demand for male construction and agricultural workers. Detasselers needed for July work.

Kearney—Registrations from teenagers kept labor supply totals on a par with May. Agriculture was top labor demand in June. Restaurant help very scarce.

Lincoln—June labor demand active. 28 per cent heavier than June, 1952. Manufacturing led in hiring.

McCook—Worker supply good. Restaurant help scarce.

Nebraska City—Marked decline in job seekers, except for corn detasseling jobs. Labor demand slightly higher than in May.

Norfolk—Normal decline in job seekers n June. Egg processing at peak level. Highway construction demand low. Hay late, peak demand in mid-July.

North Platte—Registered workers fewer than year ago, although new registrations exceeded last June's. Construction demand down but other demand fairly active.

Omaha—Entrance of youth into labor market increased office traffic. Labor demand in early June up, but planned expansion is now virtually accomplished.

Scottsbluff — Non-farm labor demand down considerably from May and from last year. June labor supply gained slightly over May.

Sidney—Students seeking summer employment increase number of job seekers. Demand for workers up slightly. Supply and demand have been fairly well in balance.

Gifford Upsets Astleford In State Golf Tourney

Ex-Champ Fraser, Hastings' Hopp Also Victims Of First Round Play

By JIM CLARK
Star Sports Staff Member

SHOWING ill-respect for the odds against him, Lincoln's Joe Gifford Sr. wrote his name into the annals of golfdom's major upsets Wednesday when he struck down medalist Bob Astleford of Omaha in the first round of the Mens State Grass Greens Golf tournament.

Gifford, who works the swing shift at the Mead Ordnance Plant and then travels back to Lincoln each night, showed little strain from the previous night's labor as he traveled the full 18-holes before winning the match 1-up with a birdie four on the last green.

But Gifford's match and startling upset was only a prelude to things to come as the 64-man championship field teed-off in the first round of match play.

Shortly after Gifford's kill of one of the pre-meet favorites, one-time champion Bob Fraser of Omaha, and heralded Wally Hopp of Hastings were finding themselves the victims of lesser-known opponents.

Another Omahan, Frank Rizzuto, turned the tables on Fraser when he came through with his 3 and 2 triumph.

Hopp fell some minutes later when Dick Lauer of Lincoln chipped in a par and a birdie four on the last two holes to beat out the Hastings swinger 2 up.

Defending Champion Dick Spangler Jr. of Lincoln pulled one of the steepest defeats of the day when he tumbled Jack Landon of Omaha 6 and 5.

One of the top matches of the afternoon found Lincoln's Gene Chadwell knocking two strokes from the par 72 course in turning back another Capital City hand, Dick Spomer, 2 and 1.

The losers in Wednesday's first round of play will drop down to the Nebraska flight today, a new innovation in the state tournament.

There will be 18 holes of play for every flight today, except the championship winners Wednesday, who will skirt the Hillcrest Country Club layout for 36 holes.

Cards of some of Wednesday's top matches:

Defending Champ Jo Fisher Tumbles To Phyllis Williamson

YOUNG Phyllis Williamson, teen-age daughter of Lincoln Country Club Pro Bud Williamson, assured the Capital City of a new women's golf champion Wednesday when she knocked Mrs. Carl Fisher from the Women's City tournament with a 3-2 quarterfinal triumph.

Playing on her home course, Miss Williamson took a two stroke advantage over the defending champion on the front nine and then coasted in to win.

With the quarterfinals out of the way, Miss Williamson will tee-off against Mrs. C. J. Botsford this morning at 8:30 in the semifinals.

Mrs. Botsford, winner of the first city title when the tournament was inaugurated in 1933, scored an easy 6-5 victory over Mrs. M. F. Van Bloom.

In the lower bracket another heated battle is developing in today's semifinals, where Mrs. Paul Hyland, city champ in 1950 and 1951, meets Mrs. Earl Anderson, seven times a city champion.

The nine-hole bracket finds Mrs. Betty Davis, a 2-1 winner over Mrs. James Ludwick, meeting Coed Dinney Weiss, a 1-up victor over Jeanette Turner after ten holes.

Mrs. Mickey Hughes hung up the nine-hole second flight pennant Wednesday when she defeated Jo Ann Walt 1-up in a 12 hole affair.

Former Boxer Released

SOUTHEND, England (AP) — Larry Gains, 52-year-old Canadian-born former British Empire heavyweight champion, was given a conditional release from charges of stealing $621 from the club where he worked as a steward.

He was jailed last May and was released Wednesday after an appeal which was paid for by a group of fight followers.

Vic Seixas And Mo Connolly To Clay Court Quarterfinals

CHICAGO (AP) — Favorites, headed by top-seeded Vic Seixas and Maureen Connolly, Wednesday breezed into quarter-final play in the singles of the National Clay Courts tennis tourney.

Philadelphia's Seixas downed Fred Hagist of Berkeley, Calif., with a barrage of sharp back-hand drives, 6-1, 6-2. Miss Connolly, of San Diego, who like Seixas won at Wimbledon this year, took less than a half hour to eliminate Marie Vidas of Hinsdale, Ill., 6-1, 6-1

Defending champion Arthur Larsen, No. 2 seeded player from San Leandro, Calif., whipped Robin Willner, Los Angeles, 6-2, 6-4, in a battle of southpaws.

Third-seeded Tony Trabert of Cincinnati had too much power and experience for Clifton Mayne, No. 1 player for the University of California this year, for a 6-0, 6-1 triumph.

The men's singles moved through fourth round play and the women's singles through third round competition for Thursday's quarterfinals in both divisions at Suburban River forest tennis courts.

Seixas takes on Noel Brown of West Los Angeles, a 6-1, 6-1 victor over Bob Czerwonky of Des Plaines, Ill.

"Little Mo" Connolly was a little wild at the outset today, losing her first game on an erratic serve. Then she ran off the next six games, hitting hard drives to the corner which Miss Vidas couldn't handle. In the second set, Miss Connelly lost a serve on a couple of double faults, but then ran off the next five games losing only 10 points. Maureen meets Alicia Wright of Ecuador.

Larsen mixed cross-court drives and teasing drop shots to get Willner on the run in the first set. In the second set, the defending champion ran up a 5-1 lead then eased up with some of his patented clowning to lose three games. On the final game, Larsen breezed through on his own service losing only one point.

3 Lincoln Golfers Qualify For Meet

HASTINGS (AP) — Three Lincoln golfers and one from Norfolk Wednesday qualified for the National Junior Jaycee Golf tournament at Ann Arbor, Mich., Aug. 17-22.

Mike McCuistion of Lincoln led the field shooting a 108, par for 27 holes on Hastings' Meadowbrook golf course.

Lee Anderson of Lincoln scored a 111, Gary Blakeman of Norfolk, 112, and Matt Taber, Lincoln, 113.

Thirty young golfers competed. The field was limited to Nebraskans who will not have reached their 18th birthday by Aug. 15, 1953.

Finney Will Toss Brown At League-Leaders

Denver Invades Sherman Field Tonight

By NORRIS ANDERSON
Sports Editor, The Star

THE Lincoln Chiefs, in general, and Norm Brown, in particular, will pick up their roles as upset artists tonight at Sherman Field at 8 o'clock.

Norm Brown

For league-leading Denver will be on the premises and, if there is anything Brown and the sixth-place Chiefs delight in, it's knocking over the big boys.

Among the recent Lincoln accomplishments have been sweeps of series with second-place Colorado Springs and third-place Pueblo.

It is mostly courtesy of the Chiefs, in fact, that Denver now rests atop the heap.

This favor will be forgotten, you can bet, when Andy Cohen and his trained Bears hit Sherman Field for the three-night stand. Sir Andrew is starting his ace righthander, Alberto Osorio (7-4) against the Chiefs tonight.

Finney, after gaining a day of rest for his injury-ridden pitching staff when the Wednesday finale with Wichita was rained out, will be able to counter with his ace, Mr. Brown (12-6).

That will mean that southpaw Freddy Waters (6-4) will be available for the second game with the Bears.

The return to active duty of Buzz Bell and Bob Mathieson, righthanders with wounded muscles in their money arms, is still undetermined.

Bell, who pulled his muscle first, may be ready for duty Friday. Mathieson is expected to be out another week.

Given a weather break, the Chiefs seem a cinch to go over the 40,000 mark in home attendance tonight. Averaging well over 2,000 during their past five home games, Sherman Field attendance has soared to 39,837.

Lincoln's season record with Denver is a sour 2-7—something Finney would like to improve.

"If we can get our pitching staff mended and if our outfielders get their batting eyes back, we'll be in there," says Alabama Lou.

Riding a 10-5 July record, the Chiefs have steadily progressed from the basement apartment they occupied since the season started. Presently, the Finneymen are breathing heavily on fifth-place—be it Des Moines or Omaha.

General Manager Johnny Maher, with seven playing dates remaining of the current home stand, is still confident the Chiefs can close it with an attendance of over 50,000. That would mean an average of 1,451 per night which, according to the Chiefs' recent draw, would be easy pickings.

Elks Blank Millard, 10-0

Lincoln Star Special

MILLARD—The Lincoln Elks shut out the Millard American Legion team for the second time this season, 10-0, here Wednesday night as Bill Bergstrasser scattered four hits and struck out 10 for Lincoln.

The loss was only Millard's third this year. Two of the losses have been at the hands of the Elks, the first being an 8-0 whitewashing.

A five-run Lincoln explosion in the sixth inning backed up Bergstrasser's pitching and put the game on ice.

Packy Young's base hit and Larry Litrell's double accounted for a run in the first. A walk to Ron Bayless and singles by Jack Carlin and Bergstrasser set the stage for an outfield error that scored two runs in the second.

Jim Maul singled home a run in the fourth and the Elks tallied in the fifth inning on a walk, an error, a sacrifice and a fielder's choice.

Young started off the big sixth with a one-out single. Maul walked and Gary Smith singled. Littrell lived on an error.

Then Cliff Hardesty doubled sharply to score two runs and Bayless closed out the scoring by singling to score two more.

The Elks play at Hebron Friday night in the next-to-last regular season game before tournament time.

Milwaukee Fined

MILWAUKEE (AP)—The Milwaukee Braves were fined by Baseball Commissioner Ford Frick for attempting to sign Frank Leja, 17, an American Legion junior baseball star in Boston, Braves General Manager John Quinn said Wednesday.

Lopat's All-Stars Get Trip Approval

CINCINNATI (INS) — Baseball Commissioner Ford Frick's office has approved a trip to Japan by Eddie Lopat's All-Star baseball team.

The New York Yankee pitcher's plan to take the stars on the trip already has received the approval of Japanese officials.

Frick's office said the venture will begin in October and will include 15 ball players and Frank Scott, business manager.

Lopat's troupe will receive $50,000 expenses and will play 12 games in Japan and nine in Honolulu and Hawaii.

Among those on the team will be Lopat; Yogi Berra, New York Yankee catcher; Eddie Robinson, Philadelphia Athletics' first baseman; Nelson Fox, Chicago White Sox or Red Schoendienst, St. Louis Cardinals, second base; Pee Wee Reese, Brooklyn Dodgers, shortstop; Eddie Mathews, Milwaukee, third base; Hank Sauer, Chicago Cubs, Mickey Mantle, Yankees and Enos Slaughter, Cardinals, outfielders; and Pitchers Robin Roberts and Curt Simmons, Philadelphia Phillies; Bob Lemon, Cleveland; Warren Spahn, Milwaukee, and Bobby Shantz, Philadelphai Athletics.

Kid Gavilan Stops Fuentes In Dull Go

MILWAUKEE (AP)—World welterweight champion Kid Gavilan won an unanimous but unimpressive 10 round decision victory over Ramon Fuentes of Los Angeles Wednesday night in a non-title bout.

A slim crowd in the Milwaukee Arena saw the Cuban stalk his rugged opponent most of the way, open up with flurries of punches that accumulated points, and score the only damaging punch of the fight, a solid right to the jaw that dropped the Californian for a nine count near the end of the seventh round.

Referee Dauber Jaeger scored it 8-4 under the Wisconsin point system, Judge Billy Lachenmeier had it 8-3, and Judge Ray Jackson said 6-3. There were more boos than cheers from the crowd that favored Fuentes throughout.

Rested Hogan Fires Par 69

FONTAINEBLEAU, France (AP)—Ben Hogan, rested but still not fully recovered from the miseries that dogged him the day he won the British open golf championship, Wednesday played an exhibition match for military personnel and proved that he still had his master's touch.

Playing the Fontainbleau course, which he never had seen before, Hogan shot a par 69, despite some uneven putting.

Ben played steady but unspectacular golf in the match, which once was interrupted 15 minutes by heavy rain. He played right down the middle and never was in the rough or a bunker. Many of his putts failed to drop by inches, but he gave the crowd a thrill at the 18th hole where he holed a 30-footer.

Bums And Yanks Face Tough Title Contenders

By WILL GRIMSLEY

NEW YORK (AP)—It's back to the grindstone today for the major league baseball clubs, and the next seven days may be big ones in deciding whether we're in for another Yankee-Dodger world series.

Bob Elliott

The New York Yankees, now found human through their recent nine-game losing streak, move out west where they have an important doubleheader Sunday with the red-hit Chicago White Sox, followed by three games with the red-hot Chicago White

Meanwhile, the unsteady Brooklyn Dodgers, holding a 1½ game edge in the National League, entertain the dashing St. Louis Cardinals in four games, beginning tonight, and then next week end tackle the second-place Milwaukee Braves four times at Ebbets Field.

Right now only 6½ games separate the leading Dodgers from the rallying fifth place Giants, who have won eight of their last nine games.

The Sox have won 25 of their 31 games in the last month and have moved from fifth place, 13 games off the pace, to second, just five slots back of the Yankees. Now they have a 12-game home stand with the Senators, Yankees, Red Sox and Athletics.

Chicago's sudden reawakening is attributed mainly to a couple of veterans picked up from the Browns June 13.

They are 36-year-old Third Baseman Bob Elliott, who has hit safely in 17 of 26 games for a .349 average, and 34-year-old Virgil (Fire) Trucks, who has been the big factor in the White Sox improved pitching.

The Yankees, on the other hand, begin their next-to-last western swing in a hobbled condition.

Centerfielder Mickey Mantle is the newest casualty, suffering a pulled muscle in his left leg. However, Stengel started him in Tuesday's All-Star game.

Miz Clementine Upset In Rich Filly Stakes

CHICAGO (AP)—Hasty House Farm's Queen Hopeful, a 10 to 1 shot scored a sensational three-way photo finish victory with a dazzling mid-stretch drive urged by Jockey Johnny Adams Wednesday to win the richest two-year-old filly prize in racing history—the $105,735 Arlington Lassie Stakes at Arlington Park.

Queen Hopeful, dark brown daughter of Roman-Playful, sent a sweltering crowd of 20,139 wild as she came from the outside in the six furlong race to nip the 1-2 unbeaten favorite, Calumet Farm's sensational Miz Clementine, and Mrs. Otto C. Neumann's Beanir at the wire.

Phil Cavarretta, 35, has played 20 years in the majors.

Huskers Been Workin' On The Railroad

SUMMER activities of Cornhusker football players range from railroading to ranching, according to reports from the players which Coach Bill Glassford has received.

Bill Schabacker

John Machisic is a brakeman for the C. B. & Q., in Lincoln, Ted Britt, center, is working in the Union Pacific shops at North Platte and Ralph Weddle is with a section gang working out of Lincoln.

Ted Connor, Hastings, and Co-Captain Bill Schabacker of Minden, are traveling the state selling advertising novelties.

Quinlan Anderson, Oakland, is working as an electrician's helper plus some farm work, to stay in shape. Sylvester Harris, Kansas City, is working for a motor car company and playing Ban Johnson League baseball.

Franklin Reaves, Rushville, is working on a ranch 50 miles from his home town. Don Hewitt, Sioux Falls, S. D., is attending an ROTC camp at Fort Benning, Ga.

John Bordogna and Andy Loehr of Turtle Creek, Pa., are painting houses in their home town. Jack Braley, Miles City, Mont., is working on a ranch.

Ladd Cochrane has a milk route at Oshkosh along with a daily football workout and some baseball, plus serving as an assistant at a swimming pool.

Demas Griess of Sutton is working out of Lincoln as an appraiser. Calls for a lot of walking, he says.

Max Kitzelman, Omaha, is serving as a deckhand on the U.S. Engineers towboat, the Patrick Gass.

Dean Lux of North Bend is pumping gravel, swimming and playing softball.

Jerry Minnick, co-captain from Cambridge, is in training at Randolph Field with the AFROTC. Doran Post of Shelton is playing baseball and farming.

THE GENERAL MANAGER AT HOME—Johnny Maher, general manager of the Lincoln Chiefs, is shown with his family. Left to right are Mike, seven; John Jr., nine; Stephen, two months, held by Mrs. Maher, and Ann, four. The Mahers come to Lincoln from Tyler, Tex. (Star Photo.)

SEATTLE (AP)—Roy Iceberg of Pontiac, Mich., was eliminated from the National Publick Links tournament Wednesday by default. The reason: He overslept and was 45 minutes late reaching the first tee for his scheduled match.

Krieger Pits Stars In Tag Team Match

Six of America's outstanding wrestlers will be on the same card for the first time at the Lincoln Fairgrounds arena Friday, July 24, and four of them will be in an Australian tag team match.

Prof. Adam Krieger, Lincoln wrestling promoter, said Wednesday that he has engaged Vern Gagne and Bill Melby to take on Hans Schmidt and Don Evans in the team event. Two other top-flight grapplers will be on the card and will be announced later.

The July 24 card is one of three big summer attractions slated by Krieger.

Marciano, LaStarza Title Go Signed

Heavyweights To Meet In New York Sept. 24

By HUGH FULLERTON JR.

NEW YORK (AP)—Rocky Marciano, the shoemaker's son from Brockton, Mass., will defend his world heavyweight title against Roland LaStarza, former college student, in the polo grounds on Thursday, Sept. 24.

They signed the contract for the 15-round bout Wednesday. It will be held a year and a day from the night he lifted the crown from the aging head of Jersey Joe Walcott.

It will be the first heavyweight title fight in New York since the dreary Ezzard Charles-Lee Oma affair in January, 1951, and the first one outdoors since Charles took the championship from Joe Louis at Yankee Stadium, Sept. 27, 1950.

For that reason, promoter Jim Norris, head of the International Boxing Club, estimated that the gate receipts will reach "a half million or up" depending upon what arrangements are made concerning television.

Norris said the IBC is exploring the possibilities of both home and theater television. He indicated rather strongly that theater TV might be preferred because it would leave the possibility of profitable motion pictures.

In any event, Marciano, as champion, will receive 42½ per cent of the receipts, including TV and movies, and LaStarza 17½ per cent. Norris said the top price for ringside seats would be $30.

A supplementary contract, approved by the New York State Athletic Commission, provided that if LaStarza should win the title, they will meet in a return bout within six months with each getting 30 per cent of the gate.

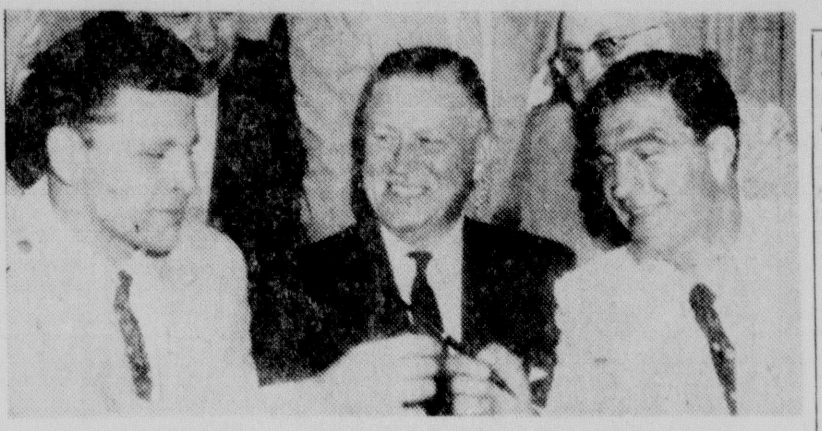
Although Marciano and LaStarza are noted for their quiet, gentlemanly demeanor, the fight is one which might develop considerable rancor before it comes off. It's a rematch of one of the most controversial bouts in the careers of both boxers.

They met in Madison Square Garden in March, 1950.

Both were unbeaten at the time. On that occasion LaStarza was floored but got up and boxed rings around his rival but Rocky got a split decision.

Since then LaStarza and his manager, Jimmy DeAngelo, have loudly demanded the return match they said had been promised them and Al Weill, Marciano's rotund pilot, kept sidestepping until a few months ago. Weill finally consented to accept LaStarza after the New Yorker had turned down the National Boxing Association proposal that he and ex-champion Ezzard Charles should fight an elimination.

Since he won the championship from Walcott by a 13th-round knockout in Philadelphia, Sept. 23, 1952, Marciano has defended it once.



TITLE BUSINESS—World heavyweight champion Rocky Marciano (right) hands the pen to challenger Roland La Starza during contract signing ceremonies at the New York State Athletic Commission offices in New York Wednesday. Robert Christenberry, commission chairman, beams his approval in the center. Marciano agreed to defend his title at New York's Polo Grounds on Sept. 24th. The champ won a split decision over La Starza in 1950 when both were aspiring to the title held by Joe Louis. (AP Wirephoto.)

Manganese Find Gives West Cold War Lead

NEW YORK (INS) — Discovery of rich deposits of manganese in French Equatorial Africa was disclosed Wednesday and U.S. government officials said the find gives the free world a potential strategic victory of vast importance in the cold war with Russia.

The discovery was revealed to International News Service by the U.S. Steel Corp., which will share in mining the manganese —an ore absolutely essential in manufacturing steel.

In the view of government officials and mining and geological experts the African deposit is of such magnitude — estimated at 50,000,000 tons — that for the first time it should make the United States completely independent of Soviet Russia as a source of supply for manganese.

In Washington, the Office of Defense Mobilization called the discovery "extremely significant."

Up to now Russia has controlled the world's richest known supply of manganese ores, which are vital in any war, hot or cold.

And since 1948, apparently as part of its strategy in the cold war, Russia has permitted the United States to purchase almost none of its manganese.

While U.S. Steel Corp. spokesmen were inclined, officially, to minimize the importance of the African discovery, defense mobilization officials in Washington readily conceded its world-wide significance.

"It looks like a pretty good deposit," ODM officials said, with the ore running 40 to 50 per cent, comparing favorably with the best grades of manganese produced by Russia.

U. S. Steel Corp. officials said it had a "minority interest" in a newly organized French company, Comilog, which will mine the deposit discovered in French Equatorial Africa.

Financial sources placed U.S. Steel's interest in the company at 49 per cent.

The manganese deposit was discovered near Franceville, about 250 miles from the port of Pointe Noire in southern French equatorial Africa.

The American steel industry has been getting enough manganese to meet its needs—currently running at the rate of 1,800,000 tons a year—without imports from Russia.

But to do so, it has been necessary to buy from every possible source, regardless of quantity, quality or price.

Geological experts said that the African deposit should provide enough manganese to keep the United States independent of Russian supplies for "the next 100 years"—based on present consumption figures.

They said they had been getting "ample supplies" from India, South Africa, Brazil, Mexico, Chile and Cuba, and that they would continue to buy from these sources as the industry never wanted to be dependent on any one geographical area for manganese.

U. S. Steel Corp. officials emphasized that it will take several more years of exploration and development before the African manganese mine is ready for production.

Anxious Hours Mounting Up As Clue To Lost Boy Fades

Long hours of tense anxiety continued to build up Wednesday for the parents of a missing 15-year-old Lincoln boy, adding to their belief that "something may be wrong."

Still missing is John LeRoy Koch, son of Mr. and Mrs. John Koch of 544 South.

Hopes that a clue to his whereabouts was at last uncovered arose Wednesday when a Lincoln car salesman said he had given a youth a ride from Denver to Lincoln last Saturday.

But the salesman said the boy he had given a ride was definitely not Koch after viewing a picture of young Koch.

Meanwhile, Mrs. Koch said she believed law enforcement officials would have better chances of finding the youth if they checked resort sites in the West.

It is believed that young Koch may be with a Boston, Mass., couple who reportedly offered the youth a job as a driver of their car. He disappeared the night of July 2 or during the morning of July 3 from Lookout Mountain Lodge, a resort near Golden, Colo.

The couple reportedly said they had to be in Los Angeles by this coming fall and asked how far it was from Golden to Salt Lake City.

Because of this, Mrs. Koch said, the couple may be in Sun Valley, Idaho, Reno, Nev., or other summer resort places.

New Date Set For Hearing On Auditorium

District Judge John Polk has moved from July 20 to July 28 the date for hearing on action by Myron Noble and others asking the city to show cause why it has not proceeded with construction of an auditorium at 15th and N.

Noble is seeking further relief under a previous order of the supreme court that the city must proceed with the auditorium at 15th and N.

The change in the hearing date was requested by City Attorney John Comstock.

Charles Sutherland, who has initiated a petition movement for a special election on the auditorium, said the new hearing date will also give his group additional time to get petitions on file. The petitions will ask the city Council to call a special election to repeal all existing auditorium provisions and make a new start on the venture.

Sutherland stated that he has now moved the deadline on the petition drive from July 16 to July 21. There were 325 petitions sent out, Sutherland said, and about half of the needed signaturse have already been secured.

They Couldn't See, But Tour Enjoyed

By ARTHUR EDSON

WASHINGTON (AP) — The sightseeing buses lined up, and the tourists filed in, as they do day after day in Washington.

But Wednesday it was a trifle different. Some of them had their dogs with them, some had canes, others took the arms of friends who were serving as guides.

And the delegates to the convention of the American Association of Workers for the Blind—two-thirds of whom can't see—were away on a sightseeing tour of the White House.

Tagging along, your correspondent fell in with a couple of late starters, Mr. and Mrs. Charles Rosenbom of Chicago.

The White House, it turned out, was just one more stop in a busy schedule for the Rosenboms, who already had been to the Smithsonian Institution, Mt. Vernon, Arlington and had taken a moonlight cruise on the Potomac.

Rosenbom can see a little. Well enough to act as a guide but not well enough to read. Mrs. Rosenbom can scarcely see at all, "not well enough to recognize people."

But they both keep busy. Mrs. Rosenbom teaches the blind in Chicago, and Rosenbom said he works in an assembly plant.

Even a person with 20-20 vision wouldn't have got much out of Wednesday's trip through the White House, which was taken at a brisk trot.

But the Rosenboms seemed to enjoy everything pointed out to them.

Mrs. Rosenbom said even though a person can't see, he still likes to visit famous places.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at are upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

High Court Gets Unit Rate Plea

Brief Charges 7 Cities Discriminated Against

The State Supreme Court was asked Wednesday to order that seven municipalities receiving electric power from the Nebraska Public Power System be given the advantages of group billing.

The request was made in a brief filed with the Court.

The suit was dismissed in Lincoln County, where it originated.

The League of Nebraska Municipalities started the action for seven of its members: Lincoln, Holdrege, Cozad, North Platte, Smithfield, Bertrand and Loomis. Defendants are the Loup River Public Power District and the Platte Valley Public Power and Irrigation District which combine their operations under the name of "Nebraska Public Power System."

Consumers Intervenor

Consumers Public Power District, which serves several other municipalities, is an intervenor.

The brief filed Wednesday said:

"Consumers Public Power District, by the advantage of combined or consolidated billing, . . . is able to purchase its electrical power and energy . . . for more than $564,000 per annum less than if they paid separately . . . at each of their some 22 metering points."

Failure of the public power system to give the seven protesting municipalities the advantage of consolidated billing amounts to discrimination, the brief asserts.

The brief further charges that the lower court "completely disregarded the nature of this proceeding." It contends the case should have been heard on its merits in the lower court.

The brief contends that the District Court erred in failing to grant the writ of mandamus which the seven municipalities asked for.

The municipalities claim that the power districts served Consumers at a net loss of $36,399 in 1951, and served the rural electric districts at a net loss of $112,814 during the same period, but realized a profit of $109,869 on the 12 per cent of their total business which went to the seven municipalities.

Ainsworth Pastor Author Of Article In Devotion Guide

A former Lincoln pastor, the Rev. Carl G. Bader of Ainsworth is the author of a meditation in the July-August issue of The Upper Room, a devotional guide with an estimated seven million readers.

The Rev. Mr. Bader was pastor of Elm Park Methodist Church and previously at Falls City.

In the guide, which circulates 2½ million copies in English editions as well as Braille and 17 other languages, the minister has based his meditation on Psalm 119:45 "I will walk at liberty: for I seek thy precepts."

He says in part that "The secret of harmony and the safeguard of liberty are for each of us to give himself fully to God. Thus God can use us together as the instrument for His creation of divine harmonies for the honor and glory of His name."

Rev. Rogers Advances 'CCC' Future Program

The Rev. Vance D. Rogers, pastor of Trinity Methodist Church, discussed a "C.C.C. Program" for America's future at the meeting of the Rotary Club.

"Clear thinking, confidence, and consecration is a program which is promoted by President Eisenhower," the Rev. Rogers said.

He stated that confidence in and consecration to American ideals is the answer to the Communist threat.

"This is a program that must be observed at the grass roots level," he added. "It cannot be evaded by the individual citizen."

Ashland Man Posts Bond In Corn Conversion Case

Don Washburn, a farmer near Ashland, indicted by a Federal Grand Jury for alleged conversion of corn pledged to a federal agency, has posted a $500 bond pneding his arraignment in Federal District Court at Lincoln.

Washburn is charged with unlawfully converting on or about Nov. 7, 1950, to his own use 693 bushels and 38 pounds of corn which was pledged to the Commodity Credit Corporation.

Missouri Funds Are In Doubt

Assurance Lacking For Channel Work Approval

WASHINGTON (AP) — Rep. Jensen (R-Ia) said Wednesday he has been unable to obtain assurances from other members of the House Appropriations Committee that funds will be earmarked for Missouri River channel work between Omaha, Neb., and Sioux City, Ia.

Asked about reports that he was holding up action by House and Senate conferees on the Interior Department appropriation bill because he could not get such assurances, Jensen said:

"I do not know that I am holding up action on the interior bill. I am now holding a conference with the Senate on another matter. There are five or six other money bills ready for conference."

Subcommittee Bill

The money for channel work is not in the Interior Department money bill but in the Army civil functions appropriations bill handled by a subcommittee of which Jensen is not a member.

Jensen is chairman of the subcommittee handling the interior bill.

The House, in passing the civil functions bill, deleted a section which would have earmarked $2½ million for channel and stabilization work between Omaha and Sioux City, Jensen said.

The Senate, he said, in approving the civil functions bill, added $2,200,000 to the $3,500,000 for general stabilization work between Sioux City and Kansas City to make the total $5,700,000.

Senate Version

Jensen said he is satisfied with the Senate version but cannot get assurance from the members of the House subcommittee that they will accept the Senate version.

Asked about a report that he had held up action on the interior bill because the other subcommittee refused to vote funds to channel the Missouri River under the "dry land" bridge between Onawa, Ia., and Decatur, Neb., Jensen said:

"I never asked that all of the 2½ million for channel work between Omaha and Sioux City be earmarked for channel work under the bridge.

"I was put out when the item was deleted from the House bill I informed Taber (Chairman Taber (R-NY) of the House Appropriations Committee) that it would be most difficult for me to set on conferences and apropirate hundreds of millions of dollars to put water on irrigation land when my own committee does not see fit to appropriate just a little to stop erosion of some of the finest land."

Jensen said that some of the worst damage from erosion is being done in the area near the dry land bridge.

Brazil Cracks Down On Its 'Screwball Drivers'

RIO DE JANEIRO (AP) — Brazil is cracking down on its famed "screwball" drivers. It has ordered psychological examinations for them.

Under a new ruling, recently adopted by the National Transportation Council, all persons applying for driver's licenses must take the examination. It also will be given to all persons involved in accidents.

The examination will include tests of speed judgment, distance judgment, vision and resistance to fatigue.

A similar ruling was passed in 1946 but was contested in court. The National Appeals Court ruled recently, however, that such tests are needed to assure traffic safety.

DemandForWheat Sends Prices Up

CHICAGO (AP)—A strong demand for wheat from mills sent that grain racing ahead several cents Thusday. Mills bought following a substantial overnight flour business.

Most other cereals also were higher. July soybeans bouded back a few cents following its decline earlier this week and other bean contracts firmed. Oats and rye had modest gains.

Corn was mixed.

Wheat closed 1⅜-2¾ higher, July $1.94, corn ⅞ lower to 1¼ higher, July $1.52¼-1.52, oats ⅛-½ higher, July 75⅝-¾, rye ½ lower to ½ higher, July $1.32½, soybeans 1 to 5 cents higher, July $2.68½-¾ and lard 15 to 43 cents a hundred pounds higher, July $10.70.

BOND MARKET

NEW YORK (AP)—Selected railroad and utility bonds scored good advances in the bond market today. Industrial issues were mostly fractionally higher.

In the over-the-counter government bond market, dealings were quiet, with Treasury issues mostly unchanged.

Wider gainers in the rail division toward the final hour included Great Northern 3⅛s of 2000, up 4¾ at 83 and Great Northerns 2⅝s of 1982, ahead 4 at 83.

Each bidder must be qualified to submit a proposal for any part or all of this work as provided in Legislative Bill No. 206, 1939 Legislative Session. Proposal forms for this work will be issued to contractors who are qualified to submit proposals for bituminous surfacing.

The attention of bidders is directed to the Special Provisions covering subletting or assigning the contract.

The attention of bidders is invited to the fact that the Department of Roads and Irrigation has been advised by the Wage and Hour Division, U.S. Department of Labor, that contractors engaged in highway construction work are required to meet the provisions of the Fair Labor Standards Act of 1938 (52 Stat. 1060).

The minimum wage paid to all skilled labor employed on this contract shall be one dollar and five cents ($1.05) per hour, except that a minimum wage of one dollar and twenty-five cents ($1.25) per hour shall be paid to:

Asphalt Plant Engineers
Journeymen Carpenters
Crane Operators
Dragline Operators
Paver (5-bag rated capacity or over) Operators
Power Shovel Operators

The minimum wage paid to all intermediate labor employed on this contract shall be ninety-five (95) cents per hour.

The minimum wage paid to all unskilled labor employed on this contract shall be seventy-five (75) cents per hour.

Plans and specifications for the work may be seen and information secured at the office of the County Clerk at Lincoln, Nebraska, or at the office of the Department of Roads and Irrigation at Lincoln, Nebraska.

The successful bidder will be required to furnish bond in an amount equal to 100% of his contract.

As an evidence of good faith in submitting a proposal for this work, the bidder must file, with his proposal, a certified check made payable to the Department of Roads and Irrigation and in an amount not less than five thousand four hundred (5,400) dollars.

The right is reserved to waive all technicalities and reject any or all bids.

Traders Buy Rails, Aircrafts At Mart

NEW YORK (AP) — Trader attention was fairly well localized in aircrafts and railroads Wednesday in a moderately advancing stock market.

Over-all the pace of trading was slow. That detracted from the fact that the rise came after four straight declines.

Although Tuesday's market was moderately lower, a show of strength during the day encouraged traders to believe that a turn in the trend was at hand. They were not disappointed.

Higher prices were paid from the opening Wednesday. Railroads were in demand and posted some good gains. Aircrafts in early phases of trading were higher, but they lacked activity. Steels and motors were higher throughout the day. It was not until late in the day that buyers started concentrating on the aircrafts.

The Associated Press average of 60 stocks was up 20 cents, the same amount it lost Tuesday, and closed at $107.30.

The industrial component gained 30 cents, the railroad gained 40 cents, while the utilities lost 20 cents.

The list narrowed down to 1,025 individual issues which contained 470 gainers and 279 losers with 4 new highs and 26 new lows recorded.

Volume came to only 840,000 shares, one of the slowest days of the year. Tuesday's business amounted to 1,030,000 shares.

The American Stock Exchange was a little higher in light trading of 220,000 shares. That compares with 240,000 shares traded Tuesday.

Val Says Reds Can Bomb All Main Cities

BATON ROUGE, La. (AP)—Federal Civil Defense Administrator Val Peterson said here Wednesday Russia now has enough atom bombs to hit every metropolitan area in the United States simultaneously "and there's nothing we can do to stop them through the military."

Peterson, addressing the opening session of Lousiana's 3-day civil defense college, said Air Force Gen. Hoyt Vandenberg had estimated "seven out of 10 Russian bombers will get through. If they want to bomb the U. S. tomorrow they can send the planes up today."

GAS HEATING

PERMIT TO INSTALL NECESSARY

Before installing any SPACE-HEATING equipment requiring Natural Gas as fuel, it will be necessary to apply to the Gas Company for a permit to use Natural Gas for space-heating. This applies to gas heating installations in both new construction and existing buildings.

A permit is necessary because:

A. The amount of Natural Gas available for sale to our customers is limited. Since the removal of all restrictions on the installation of gas space-heating equipment in May, our load has increased so rapidly that we must re-establish the Permit Plan to protect the Natural Gas service of existing customers.

B. The Gas Company must know on what part of its distribution system heavy space-heating loads are being connected, in order to plan adequate facilities to serve the new heating customers without impairing service to present users.

C. All applications for permits to install Natural Gas space-heating equipment will be recorded and permits to install space-heating equipment will be issued in the same sequence as the applications are received.

Please secure your permit before installing space-heating equipment.

Register Today—If you wish to install Gas Heating Equipment.

Thank you for your co-operation.

Ordinance No. 5548

AN ORDINANCE requiring that the name of the owner of each machine or device for which a permit to operate is required by the City, be placed upon such machine or device; providing for the impounding of any machine or device found in violation hereof; and providing a penalty for the violation hereof.

BE IT ORDAINED by the City Council of the City of Lincoln, Nebraska:

Section 1. NAME AND ADDRESS. It shall be unlawful for any person to have in his possession or to permit the use of on his premises, any mechanical amusement device, automatic merchandise vending machine, music machine, shuffleboard or coin operated mechanical kiddie amusement ride device, or any machine or device of similar character for which a permit is required under the ordinances of the City, without the name and address of the owner of such machine being affixed thereto in a conspicuous place, in legible letters and characters either by painting or stenciling thereon or by firmly attaching a metal tag or label thereto.

Section 2. IMPOUNDING MACHINE. Any such machine found by the Police Department without the owner's name and address thereon as hereinbefore provided or without the required permit fee or occupation tax thereon having been paid, shall be taken to the Police Headquarters and shall be there held until the owner thereof has paid the required fee or occupation tax and until ownership of the machine or device has been established. An additional fee of $5.00 to cover the cost of removing and caring for said machine shall be charged by the Police Department for each such machine taken to Police Department Headquarters, and said machine shall not be released until such fee has been paid. Upon payment of all of said fees and the assurance that if said machine is again used within the city, compliance with the provisions of this ordinance shall be had, such machine shall be returned to the owner, otherwise such machine shall be disposed of as is provided by ordinance for the disposal of other property held by the Police Department.

Section 3. PENALTY. Any person upon whom a duty is placed by the provisions of this ordinance who shall fail, neglect or refuse to perform such duty, or shall violate any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and upon conviction therof shall be fined in any sum not to exceed $100.00, and shall stand committed to the city jail until such fine and costs of prosecution are paid. Each day that a violation of this ordinance continues shall constitute a seperate and distinct offense and shall be punishable as such. The penalty herein provided shall be cumulative with and in addition to the revocation or cancellation of any permit or right or the impounding of such machine as elsewhere provided.

Section 4. This ordinance shall take effect and be in force from and after its passage and publication according to law.

You get a
BETTER USED CAR
from a
BUICK DEALER

What's happening in our new-car business is wonderful. The new '53 Buicks are the greatest in 50 great years—even people with almost-new cars are trading them in to us.

So you share our success when you buy a used car from us. You choose from the cream of the local crop —and pay a fair price for a really fine buy:

1. BUICK-INSPECTED—by our own trained mechanics.
2. BUICK-RECONDITIONED—for appearance, performance and safety.
3. BUICK DEALER "ALL SQUARE" GUARANTEE—covers car firmly for 30 days.
4. CUSTOMER SATISFACTION — just as if you were purchasing a new car.

And you have the assurance of our hard-earned reputation. We will not spoil our good name with a bad sale. Come in soon, won't you?

DemandForWheat Sends Prices Up

CHICAGO (AP)—A strong demand for wheat from mills sent that grain racing ahead several cents Thusday. Mills bought following a substantial overnight flour business.

Most other cereals also were higher. July soybeans bouded back a few cents following its decline earlier this week and other bean contracts firmed. Oats and rye had modest gains.

Corn was mixed.

Wheat closed 1⅜-2¾ higher, July $1.94, corn ⅞ lower to 1¼ higher, July $1.52¼-1.52, oats ⅛-½ higher, July 75⅝-¾, rye ½ lower to ½ higher, July $1.32½, soybeans 1 to 5 cents higher, July $2.68½-¾ and lard 15 to 43 cents a hundred pounds higher, July $10.70.

BOND MARKET

NEW YORK (AP)—Selected railroad and utility bonds scored good advances in the bond market today. Industrial issues were mostly fractionally higher.

In the over-the-counter government bond market, dealings were quiet, with Treasury issues mostly unchanged.

Wider gainers in the rail division toward the final hour included Great Northern 3⅛s of 2000, up 4¾ at 83 and Great Northerns 2⅜s of 1982, ahead 4 at 83.

Each bidder must be qualified to submit a proposal for any part or all of this work as provided in Legislative Bill No. 206, 1939 Legislative Session. Proposal forms for this work will be issued to contractors who are qualified to submit proposals for bituminous surfacing.

The attention of bidders is directed to the Special Provisions covering subletting or assigning the contract.

The attention of bidders is invited to the fact that the Department of Roads and Irrigation has been advised by the Wage and Hour Division, U.S. Department of Labor, that contractors engaged in highway construction work are required to meet the provisions of the Fair Labor Standards Act of 1938 (52 Stat. 1060).

The minimum wage paid to all skilled labor employed on this contract shall be one dollar and five cents ($1.05) per hour, except that a minimum wage of one dollar and twenty-five cents ($1.25) per hour shall be paid to:

- Asphalt Plant Engineers
- Journeymen Carpenters
- Crane Operators
- Dragline Operators
- Paver (5-bag rated capacity or over) Operators
- Power Shovel Operators

The minimum wage paid to all intermediate labor employed on this contract shall be ninety-five (95) cents per hour.

The minimum wage paid to all unskilled labor employed on this contract shall be seventy-five (75) cents per hour.

Plans and specifications for the work may be seen and information secured at the office of the County Clerk at Lincoln, Nebraska, or at the office of the Department of Roads and Irrigation at Lincoln, Nebraska.

The successful bidder will be required to furnish bond in an amount equal to 100% of his contract.

As an evidence of good faith in submitting a proposal for this work, the bidder must file, with his proposal, a certified check made payable to the Department of Roads and Irrigation and in an amount not less than five thousand four hundred (5,400) dollars.

The right is reserved to waive all technicalities and reject any or all bids.

DEPARTMENT OF ROADS AND IRRIGATION
L. N. Ress, State Engineer
J. B. Morgan, County Clerk,
Lancaster County.

Traders Buy Rails, Aircrafts At Mart

NEW YORK (AP) — Trader attention was fairly well localized in aircrafts and railroads Wednesday in a moderately advancing stock market.

Over-all the pace of trading was slow. That detracted from the fact that the rise came after four straight declines.

Although Tuesday's market was moderately lower, a show of strength during the day encouraged traders to believe that a turn in the trend was at hand. They were not disappointed.

Higher prices were paid from the opening Wednesday. Railroads were in demand and posted some good gains. Aircrafts in early phases of trading were higher, but they lacked activity. Steels and motors were higher throughout the day. It was not until late in the day that buyers started concentrating on the aircrafts.

The Associated Press average of 60 stocks was up 20 cents, the same amount it lost Tuesday, and closed at $107.30.

The industrial component gained 30 cents, the railroad gained 40 cents, while the utilities lost 20 cents.

The list narrowed down to 1,025 individual issues which contained 470 gainers and 279 losers with 4 new highs and 26 new lows recorded.

Volume came to only 840,000 shares, one of the slowest days of the year. Tuesday's business amounted to 1,030,000 shares.

The American Stock Exchange was a little higher in light trading of 220,000 shares. That compares with 240,000 shares traded Tuesday.

Val Says Reds Can Bomb All Main Cities

BATON ROUGE, La. (AP)—Federal Civil Defense Administrator Val Peterson said here Wednesday Russia now has enough atom bombs to hit every metropolitan area in the United States simultaneously "and there's nothing we can do to stop them through the military."

Peterson, addressing the opening session of Lousiana's 3-day civil defense college, said Air Force Gen. Hoyt Vandenberg had estimated "seven out of 10 Russian bombers will get through. If they want to bomb the U. S. tomorrow they can send the planes up today."

GAS HEATING

PERMIT TO INSTALL NECESSARY

Before installing any SPACE-HEATING equipment requiring Natural Gas as fuel, it will be necessary to apply to the Gas Company for a permit to use Natural Gas for space-heating. This applies to gas heating installations in both new construction and existing buildings.

A permit is necessary because:

A. The amount of Natural Gas available for sale to our customers is limited. Since the removal of all restrictions on the installation of gas space-heating equipment in May, our load has increased so rapidly that we must re-establish the Permit Plan to protect the Natural Gas service of existing customers.

B. The Gas Company must know on what part of its distribution system heavy space-heating loads are being connected, in order to plan adequate facilities to serve the new heating customers without impairing service to present users.

C. All applications for permits to install Natural Gas space-heating equipment will be recorded and permits to install space-heating equipment will be issued in the same sequence as the applications are received.

Please secure your permit before installing space-heating equipment.

Register Today—If you wish to install Gas Heating Equipment.

Ordinance No. 5548

AN ORDINANCE requiring that the name of the owner of each machine or device for which a permit to operate is required by the City, be placed upon such machine or device; providing for the impounding of any machine or device found in violation hereof; and providing a penalty for the violation hereof.

BE IT ORDAINED by the City Council of the City of Lincoln, Nebraska:

Section 1. NAME AND ADDRESS. It shall be unlawful for any person to have in his possession or to permit the use of on his premises, any mechanical amusement device, automatic merchandise vending machine, music machine, shuffleboard or coin operated mechanical kiddie amusement ride device, or any machine or device of similar character for which a permit is required under the ordinances of the City, without the name and address of the owner of such machine being affixed thereto in a conspicuous place, in legible letters and characters either by painting or stenciling thereon or by firmly attaching a metal tag or label thereto.

Section 2. IMPOUNDING MACHINE. Any such machine found by the Police Department without the owner's name and address thereon as hereinbefore provided or without the required permit fee or occupation tax thereon having been paid, shall be taken to the Police Headquarters and shall be there held until the owner thereof has paid the required fee or occupation tax and until ownership of the machine or device has been established. An additional fee of $5.00 to cover the cost of removing and caring for said machine shall be charged by the Police Department for each such machine taken to Police Department Headquarters and said machine shall not be released until such fee has been paid. Upon payment of all of said fees and the assurance that if said machine is again used within the city, compliance with the provisions of this ordinance shall be had, such machine shall be returned to the owner, otherwise such machine shall be disposed of as is provided by ordinance for the disposal of other property held by the Police Department.

Section 3. PENALTY. Any person upon whom a duty is placed by the provisions of this ordinance who shall fail, neglect or refuse to perform such duty, or shall violate any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and upon conviction therof shall be fined in any sum not to exceed $100.00, and shall stand committed to the city jail until such fine and costs of prosecution are paid. Each day that a violation of this ordinance continues shall constitute a seperate and distinct offense and shall be punishable as such. The penalty herein provided shall be cumulative with and in addition to the revocation or cancellation of any permit or right or the impounding of such machine as elsewhere provided.

Section 4. This ordinance shall take effect and be in force from and after its passage and publication according to law.

You get a
BETTER
USED
CAR
from a
BUICK
DEALER

What's happening in our new-car business is wonderful. The new '53 Buicks are the greatest in 50 great years—even people with almost-new cars are trading them in to us.

So you share our success when you buy a used car from us. You choose from the cream of the local crop —and pay a fair price for a really fine buy:

1. BUICK-INSPECTED—by our own trained mechanics.
2. BUICK-RECONDITIONED —for appearance, performance and safety.
3. BUICK DEALER "ALL SQUARE" GUARANTEE— covers car firmly for 30 days.
4. CUSTOMER SATISFACTION — just as if you were purchasing a new car.

And you have the assurance of our hard-earned reputation. We will not spoil our good name with a bad sale. Come in soon, won't you?

An Interesting Position With This Newspaper
WANT AD SALESWOMAN
We want a much brighter than average young woman, married or single, between 21 and 35 who is at least a high school graduate. She must have lots of zip and a particularly pleasing telephone voice. She must spell and punctuate correctly, do simple figuring quickly and type reasonably well. Successful sales experience would be a good recommendation.
This is a permanent position and must be filled by a capable girl willing to learn and work. A 40 hour week with Tuesdays off. Pleasant office, a congenial group, paid vacations.
Salary and commissions make this position well above average, and there are no limits to what a superior girl can accomplish. If you are interested in a permanent place in one of the most specialized fields in advertising doing useful, productive work and meet the qualifications above . . . Call W. R. Golding between 4:00 and 5:00 pm to arrange an appointment. Phone 2-3333. -x

SCS Salt-Wahoo Plan 'Can Only Disappoint' As Flood Protection, Potter Warns

Brig. Gen. W. E. Potter of Omaha, chief of the Army Corps of Engineers Missouri River Division, said Wednesday in Lincoln that the Soil Conservation Service plan for the Salt-Wahoo Basin "can only disappoint" as a flood prevention plan.

The plan "would not materially reduce major floods nor would it adequately protect Lincoln," he stated.

Gen. Potter asserted that the corps "cannot agree with conservation extremists who contend that watershed improvement measures such as terracing, reforestation, crop rotation, gully controls and similar measures can offer adequate or alternate solutions of the flood problem."

He added that he considered the SCS plan had "great merit," but "it is doing an injustice to that plan to attempt to sell it on the basis of flood prevention or flood protection."

"It (the SCS plan for the Salt-Wahoo Basin) should be acceptable on the basis for which it was designed; that is the saving of the soil and the continued productivity of the farms of this community," Gen. Potter said.

He said that the Corps of Engineers believed that sound soil conservation programs are essential parts of river basin development, but added that "in our own Missouri Basin region, we have proof of great floods on the streams and rivers long before the white man set foot on the Western Hemisphere."

"We must do a better job than nature did," the general added.

Gen. Potter said an integrated Missouri Basin program proposed by the Corps of Engineers would include the following three essential elements:

1. Upland conservation practices.

2. Small watershed treatment including retarding dams.

3. Main stream and major tributary flood control measures.

To solve the Lincoln flood control problem, Gen. Potter said the plan would include the construction of 17 relatively small dams and a system of channel improvements. This system would provide average maximum storage to handle nine inches of runoff.

"This compares with about three and one-half inches in the 165 dams proposed by the Department of Agriculture," he stated.

"The capabilities of the project should be known and understood prior to the time public funds are put to work," Gen. Potter said. "Guesswork, which can be costly, must be eliminated."

Gen. Potter pointed to Sioux City as an example of "inadequate protection works" giving a "false sense of security." He added that the city's locally-built concrete channels and levees failed to avert disaster when a recent flash flood on the Floyd River caused the death of 13 persons.

"The Corps plan is integrated and comprehensive in itself for flood control in the Salt-Wahoo Basin wherever we were able to justify a substantial degree the cost of protection," Gen. Potter stated.

Both the Army Corps of Engineers and the Soil Conservation Service have submitted plans for Washington approval.

Gen. Potter spoke at a luncheon meeting sponsored jointly by the Chamber of Commerce and the Engineers Club.

The Truth About Hormones To Make Skin Look Young

As I write this article I can look through the doorway and see a woman of 45 waiting in the outer office. The light is good. I see her clearly.

She looks 10 years younger today than she did a month ago. What brought about this amazing change? An estrogenic hormone cream.

Reams have been written about hormone creams. Will they make women of 75 look 16 again? Absolutely not! Will they make women of 60 feel like they are 20 again? Only in a way I shall explain later.

To know the truth about hormone creams, you need to learn just two simple facts: 1. The beauty of a woman's skin starts breaking down as signs of menopause begin because the female organs fail to supply enough estrogenic hormones to feed the skin—less and less as you grow older. 2. Estrogenic hormones can be supplied to the skin by rubbing on a cream containing the hormones.

Here is a test reported in a scientific journal, one of many that showed similarly sensational results: Fifty women applied a hormone cream to one side of the face and neck, and to one hand. On the other side and the other hand, a similar cream containing no hormones was applied in the same way.

These are the reported results in simple words:

Skin lines (or wrinkles) quickly dimmed or disappeared from sight as creases and hollows filled out.

Blotches and "old-age freckles" faded on hands, face and neck.

Skin was softer, clearer, seemed to lose its chronic dryness, and take on revived freshness and vitality.

All these amazing things happened on the side where the hormone cream was used. Meanwhile no changes occurred on the other side. The same withered, lifeless complexion!

Still another scientist reports in effect, improvement in the skin of women past menopause was striking. These women looked like the years had been turned back toward their youthful "pre-change" appearance.

I have seen this myself. I have seen the improvement so rapid that in just two days women looked younger! I cannot truthfully say that women of 60 felt like they were 20 again. But I have seen the light come back in their eyes——their chins raised with proud confidence—the zest for living return—because—I presume—to look younger is to feel younger.

Now—to select a good estrogenic hormone cream, here is what you need to know: the strength of hormone creams must appear on the label. The recommended strength for the skin is 10,000 International Units per ounce. The cream base should be as rich in lanolin and vegetable oil as possible. You can tell a rich cream by its deep "coffee-cream" color, and by a sort of ropy consistency when you touch the surface with your fingertip, then raise your hand from the cream.

HORMELIN, a good buy on the hormone market. A product whose potency (10,000 I. U. per oz.) is absolutely guaranteed by the manufacturer. 3-oz. jar, 2.00, (plus 20% tax)

A good buy in hormone creams today is a cream called Hormelin. Its maker is a 31-year-old laboratory that has produced over 80 million packages of pure, fine cosmetics. It contains 30,000 I. U. of natural estrogenic hormones to the jar and 6 per cent pure lanolin. It says so right on the label. What is more this potency is guaranteed. I consider it a bargain at 2.00. If you want to see whether your dreams of a younger looking skin — with wrinkles dimmed, color and texture improved—can come true, I suggest you go right down and get a jar of Hormelin. If you're bad at remembering names as I am, clip this article as a reminder. Get Hormelin. Use it and look for amazing results quickly.
